CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

001 GENERAL:

001.01 Definitions: As used in this chapter unless the context otherwise requires.

001.01A Access:

001.01A1 Carrier Access: The ability of interexchange carriers to utilize the facilities of the exchange carrier for the origination and termination of interexchange calls.

001.01A2 Subscriber Access: The ability of subscribers to utilize the facilities of the exchange carrier for connection to the network.

001.01B Access Line: The facility used by the exchange carrier to provide dial tone to a subscriber from the central office through and including the Network Interface on the subscriber's premises.

001.01C Application for Service: A request made verbally or in writing for telecommunications service and shall include requests for a change in existing service.

001.01D Base Rate Area: The area in which urban access line service is furnished without mileage charges.

001.01E Billing Company: Any company rendering its own bill, or who has legally contracted with a telecommunications company to provide billing services.

001.01F Busy Hour-Busy Season: The continuous one-hour period of that day in the calendar month or period of the year (not to exceed 30 days) during which the greatest volume of traffic is handled by the central office.

001.01G Call: A customer telecommunications message attempted.

001.01H Central Office: An independent switching unit in a telecommunications system providing service to the general public, having the necessary equipment and operating arrangements for terminating and interconnecting access lines and trunks or trunks only. There may be more than one central office in a building.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

001.01I Certificate: An authorization issued by the Commission to allow a person to offer telecommunications services within Nebraska as a common carrier.

001.01J Class of Service: The various categories of service generally available to customers such as business access line service.

001.01K Commission: The Nebraska Public Service Commission.

001.01L Competitive Eligible Telecommunications Carrier: A carrier that is an eligible telecommunications carrier and does not meet the definition of an incumbent local exchange carrier.

001.01M Competitive Local Exchange Carrier: A person holding a permit to offer contract carriage or a certificate to offer common carriage telecommunications services within Nebraska issued after February 8, 1996. Competitive local exchange carriers are not required to offer dial tone service or any other specific service unless authorized or required by the terms of their permit or certificate.

001.01N Customer or Subscriber: Any person, firm, partnership, corporation, limited liability company, municipality, cooperative, organization, governmental agency or any other entity provided with telecommunications service by a telephone company.

001.01O Customer and/or Access Line Trouble Report: Any oral or written report from a subscriber relating to a physical defect in the operation of the exchange carrier's facilities.

001.01P Eligible Telecommunications Carrier: A carrier designated as such by this Commission.

001.01Q Exchange: A unit established by an exchange carrier for the administration of access line service in a specified area which usually embraces a city, town or village and its environs. It consists of one or more central offices together with associated plant used in furnishing access line service in the area.

001.01R Exchange Carrier: A local exchange telephone company operating under authority of a Certificate of Public Convenience

EFFECTIVE DATE: April 10, 2006

LAST ISSUE DATE: March 31, 2003

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

and Necessity engaged in providing access line service and related telecommunications service, regulated or unregulated, to the public. An exchange carrier may provide interexchange service as authorized by this Commission.

001.01S Extended Area Service (EAS): A telecommunications service which groups two or more exchanges to allow subscribers of one exchange in the group to place and receive two (2) way switched communications to and from subscribers in one or more other exchanges in the group without an interexchange toll charge.

001.01S1 Petitioning Exchange: The exchange which petitions the Commission for EAS.

001.01S2 Petitioned Exchange(s): The exchange, or group of exchanges, to which the petitioning exchange asserts a community of interest.

001.01T Grade of Access Line Service: The type of access line service furnished a customer with respect to the number of access lines which may be connected to central office lines (1-party, 2-party, 4-party and multi-party).

001.01U Held Application: A firm but unfilled application which is not filled within thirty (30) days.

001.01V Incumbent Local Exchange Carrier: A person holding a certificate to offer local exchange telecommunications services within Nebraska issued on or before February 8, 1996. The issuance of a new certificate in conjunction with the acquisition of a certificate issued on or before February 8, 1996, gives the acquiring entity incumbent local exchange status in the pre-February 8, 1996, certificated area.

001.01W Indebted Household: Two or more people living together at least one of whom is indebted to the telephone company for service previously rendered.

001.01X Intercept: A means, whether automatic or manual, to permit the interception of calls to vacant levels, numbers, and codes.

EFFECTIVE DATE: April 10, 2006

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

001.01Y Interexchange Carrier: A telecommunications company which provides interexchange telephone service.

001.01Z Interexchange Service: The telecommunications service rendered by telephone companies between points which are not both within a local calling area as established in the tariff of an exchange carrier.

001.01AA Inter-LATA Interexchange Service: Telecommunications services that originate in one and terminate in another Local Access and Transport Area.

001.01BB Intra-LATA Interexchange Service: Telecommunications services that originate and terminate in the same Local Access and Transport Area.

001.01CC Local Exchange Service: The telecommunications service provided within a local calling area in accordance with the exchange carrier's tariffs.

001.01DD Map: A drawing showing the geographical location of an area in which a telephone company furnishes service.

001.01EE Message: A completed customer telephone call.

001.01FF Network Interface: The point of connection between the subscriber's facilities and the exchange carrier provided access line, which is located on the subscriber's premises at a place deemed necessary to insure transmission quality, station grounding coordination and which is readily accessible to the subscriber and the exchange carrier.

001.01GG Operator Service Provider: Any person, firm, partnership or corporation engaged in furnishing operators to facilitate the completion of local and/or long distance calls and who also bills for such operator services and call completion either separately, through exchange carriers or other billing services such as credit card companies.

001.01HH Optional Enhanced Area Calling Plan (OEACP): A toll discount plan offered in lieu of EAS or for any other purpose.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

001.01II Originating Location: The geographic area served for originating interexchange telecommunications through the facilities of the exchange carrier at the originating end of the call.

001.01JJ Permit: An authorization issued by the Commission to allow a person to offer telecommunications services within Nebraska as a contract carrier.

001.01KK Person: Any individual, firm, partnership, limited liability company, joint venture, cooperative, corporation, company, association, or other entity.

001.01LL Proprietary Information: Any information that is intended solely for the use of persons authorized by a company and not for general disclosure.

001.01MM Tariff: The schedule of rates, tolls, rentals, charges, classifications, rules and regulations which a carrier files with the Commission.

001.01NN Telecommunications: The transmission between or among points specified by the subscriber, of information of the subscriber-s choosing, without a change in the form or content of the information as sent or received.

001.01OO Telecommunications Common Carrier: A person holding a certificate issued by the Commission to offer telecommunications services within Nebraska.

001.01PP Telecommunications Contract Carrier: A person holding a permit issued by the Commission to offer telecommunications services within Nebraska.

001.01QQ Telephone Company: Any person, firm, partnership, limited liability company, cooperative, corporation, or other entity engaged in the business of furnishing telecommunications services.

001.01RR Terminating Location: The geographic area served for terminating interexchange telecommunications through the facilities of the exchange carrier at the terminating end of the call.

EFFECTIVE DATE: March 31, 2003

LAST ISSUE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

001.02 Requirement for a Certificate or Permit: Before any person offers any telecommunications service, it must first obtain from the Commission a certificate, if seeking to provide telecommunications services as a common carrier, or a permit, if seeking to provide telecommunications services as a contract carrier. No agency or political subdivision of the state may be issued a certificate of public convenience and necessity as a telecommunications common carrier or a permit as a telecommunications contract carrier.

002 LOCAL EXCHANGE SERVICE:

002.01 General:

002.01A An exchange carrier shall have the authority, through its Certificate of Public Convenience and Necessity, within its certificated service area to:

002.01A1 Provide local exchange or access line service.

002.01A2 Provide radio common carrier service, including paging and mobile telephone service. Such radio common carrier service shall be subject to the provisions of Chapter 6 of these rules and regulations.

002.01A3 Provide the resale of access line service as may be defined in the exchange carriers' tariffs.

002.01B The Commission shall maintain safeguards for the protection of proprietary information, included but not limited to, protective orders and limited distribution of the proprietary information.

002.02 Adequacy of Service:

002.02A Each exchange carrier shall provide adequate access line service. In determining whether the access line service provided by an exchange carrier is adequate, the Commission's consideration will include, but shall not be limited to, the adequacy of the carrier's plant and equipment, the number and nature of service interruptions, trouble reports, customer complaints and held applications, the nature of access line service offered by the carrier and the nature of the access line services desired by the public served.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.02B In the event of a dispute between a subscriber or subscribers and an exchange carrier regarding the adequacy of the access line service provided, the carrier shall make such investigations as required by the particular case, and report the results to the subscriber. In the event the dispute is not reconciled, the exchange carrier, or the subscriber affected, may make application to the Commission for a determination of the dispute.

002.02C Each exchange carrier shall employ appropriate engineering and administrative procedures to determine the adequacy of access line service being provided to its customers.

002.02D Traffic studies shall be made and records thereof maintained to the extent and frequency necessary to determine that sufficient equipment and adequate operating forces are provided.

002.02E Each exchange carrier shall employ adequate procedures for assignment of facilities. The assignment record shall be kept up-to-date and checked periodically to determine whether adjustments are necessary to maintain proper balance in all trunk and equipment groups.

002.02F Local access line service furnished by means of line concentrators or subscriber carrier equipment at a given exchange shall be substantially equivalent to that furnished other subscribers at that exchange served by means of normal physical loops.

002.02G Each exchange carrier shall continually review its operations to assure that the access line service provided is adequate.

002.03 Interruptions of Service:

002.03A Each exchange carrier shall make all reasonable efforts to prevent interruptions of access line service. When interruptions occur, the exchange carrier shall re-establish access line service with the shortest possible delay consistent with the physical conditions encountered, the available work forces and with normal safety practices.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.03B Each exchange carrier shall keep a record of all access line service interruptions or acute irregularities of access line service whenever reported to it or whenever the duration of a found access line service interruption exceeds twenty-four (24) hours. The record shall include appropriate identification of the customer or access line service affected, the date, time, duration, extent and cause of the interruption. The carrier shall furnish reports to the Commission upon request and shall inform the Commission as soon as possible of any occurrence of an unusual nature which apparently will result in prolonged and serious interruption of access line service to a large number of customers.

002.03C In the event the customer's access line service is interrupted other than by the negligence or willful act of the customer and it remains interrupted for a period in excess of twenty-four (24) hours after being reported or found to be interrupted, the carrier shall, upon request, or pursuant to direction of the Commission, refund the pro rata portion of the month's charge for the period of days during which such access line service was interrupted. Provided, however, if access line service is interrupted as the result of widespread disaster, and other than by the negligence or willful act of the exchange carrier, no refund shall be required unless the access line service remains interrupted for a period in excess of seven (7) days. No exchange carrier shall charge or collect any further rates for such service that was affected during the interruption of service. An exchange carrier may, in its discretion, refund such sum without request or Commission direction and for a lesser period of accessline interruption. This refund may be accomplished by a credit on a subsequent bill for local exchange service.

002.04 Trouble Reports:

002.04A Each exchange carrier shall receive or provide a reasonable means for receipt of customer and/or access line trouble reports daily on a twenty-four (24) hour basis.

002.04B Each exchange carrier shall keep a record of trouble reports made by its customers. This record shall include appropriate identification of the customers or access line service

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

affected, the time, date and nature of the report, the action taken, the date and time of trouble clearance or other disposition and the identification of the person making final disposition. The carrier shall furnish reports to the Commission upon request.

002.04C It shall be the objective to so maintain access line service that the average rate of all access line trouble reports in an exchange is no greater than six (6) per one hundred (100) access lines per month, based on a six (6) month period. In the event this average trouble rate reaches eight (8) per month, in a particular exchange, it shall be the responsibility of the exchange carrier serving that exchange to develop a plan to improve service in the exchange with the objective being to reduce trouble reports to acceptable levels.

002.04D In the case of access line service interruptions, each exchange carrier shall provide repair service daily consistent with the bona fide needs of the customer and the personal safety of exchange carrier personnel.

002.05 Emergency Operations and Power:

002.05A Each exchange carrier shall make reasonable provisions to meet emergencies resulting from failures of lighting or power service, sudden and prolonged increases in local calls or similar emergencies and each exchange carrier shall inform its employees as to procedures to be followed in the event of emergency in order to prevent or mitigate interruption or impairment of access line service.

002.05B It is essential that all central offices have reasonably adequate provisions for emergency power. For offices without permanently installed emergency power facilities, there shall be a mobile power unit available which can be delivered on reasonably short notice and which can be readily connected.

002.05C Each central office shall contain, as a minimum, three (3) hours of battery reserve.

002.06 Public Telephone Service: In each municipality served by an exchange carrier where public convenience requires it, the exchange carrier

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

shall supply at least one public pay station that will be available to the public on a 24-hour basis. The requirement for this facility may be waived by the Commission for reasons such as: abusive vandalism or damage, excessive cost of maintaining the pay station, or lack of use.

002.07 Intercept: Central office equipment shall be equipped to provide adequate operator or recorded announcement intercept to cover changed numbers, vacant numbers and vacant levels.

002.08 Maintenance Program:

002.08A Each exchange carrier shall adopt and pursue an adequate maintenance program, which includes provision for periodic tests, inspections and preventive maintenance for the purpose of insuring rendition of adequate service at all times.

002.08B Maintenance shall include keeping all plant and equipment in a good state of repair consistent with safety and adequate service performance. Broken, damaged or deteriorated parts which are no longer serviceable shall be repaired or replaced. Adjustable apparatus and equipment shall be readjusted as necessary when found by preventive routines or fault location tests to be in unsatisfactory operating condition. Electrical faults, such as leakage or poor insulation, noise induction, cross-talk or poor transmission characteristics, shall be corrected to the extent practicable within the design capability of the plant affected.

002.08C The maintenance program shall also include definite procedures designed to keep the central office equipment rooms clean and the humidity and temperature at satisfactory levels. These rooms should not ordinarily be used for storage of general supplies nor for a general workshop.

002.09 Operator Rules:

002.09A Suitable practices shall be adopted by each exchange carrier concerning the operating methods to be employed by operators with the objective of providing efficient and pleasing service to the customers.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.09B Operators shall be instructed to be courteous, considerate and efficient in the handling of all calls.

002.09C All operator handled calls shall be carefully supervised and disconnections made promptly.

002.09D If a customer reaches a wrong number on a direct dialed call and notifies the operator, reasonable action shall be taken to make certain that the customer is not charged for the call.

002.10 Tests: Each exchange carrier shall provide or have access to test facilities which will enable it to determine the operating and transmission capabilities of circuit and switching equipment, both for routine maintenance and for fault location.

002.10A Each exchange carrier furnishing access line service, where local measured service is offered, shall provide the necessary facilities, instruments, and equipment for testing its metering and recording equipment.

002.10B The over-all accuracy of the test equipment and test procedures shall be sufficient to enable testing of meters and recording equipment within the requirements of these rules.

002.10C All meters and/or recording devices used to record data and prepare customer's bills shall be in good mechanical and electrical condition, shall be accurately read and shall not involve approximations.

002.10D All meters and/or recording devices shall accurately perform the following:

002.10D1 For message rate service, where timing or length of message is not involved, the meter and/or recording device shall show accurately the number of completed messages sent by the access line which it is measuring.

002.10D2 For local measured and/or toll service where in addition to recording the number of messages, it is necessary to time and distance-rate the messages, the recording device shall show accurately the number of

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

messages and the chargeable time involved in each message, applicable distance information, and the access line originating the message.

002.10D3 Where the recording equipment provides coded information that is used to automatically prepare customer bills, accurate interpretation of such coded information is required.

002.10E Every billing meter and/or recording device shall be tested for accuracy, when put into service, either by the exchange carrier or a qualified organization.

002.10F All meters and/or recording devices tested in accordance with these rules for routine maintenance or pursuant to complaints shall be tested in their normal operating locations and wiring modes prior to removal or adjustment.

002.10G Each exchange carrier shall adopt appropriate practices for the routine testing and maintenance of its meters and/or recording devices to assure the integrity of their operation.

002.10H Upon request of any customer the exchange carrier shall make a test of any metering and/or recording equipment related to the billing in question provided such request is not made more frequently than once each six (6) months.

002.10I Any customer, by written application to the Commission, may have a test of metering and/or recording equipment conducted by the exchange carrier in the presence of a representative of the Commission for reasonable cause as determined by the Commission.

002.10J A record of all metering and/or recording equipment tests and adjustments and data sufficient to allow checking of the results shall be recorded and retained for a period of two (2) years. Such record shall include the identifying number of the meter and/or recording device, its type, the date and kind of test, and the result found in each test.

002.11 Answering Time Objectives: Each exchange carrier shall provide equipment designed and engineered on the basis of realistic forecasts of growth, and shall make all reasonable efforts to provide personnel so as

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

to attain the following daily operator answer performance objectives under normal operating conditions:

002.11A Where the performance criteria is in terms of the average interval preceding answer, the objective shall be 2.5 seconds for all toll and assistance calls and 6.3 seconds for directory assistance and intercept calls.

002.11B Where the performance criteria is in terms of the percentage of calls which are answered within a specified period, the following objectives shall apply:

002.11B1 Ninety percent (90%) of all toll and assistance operator calls will be answered within ten (10) seconds (equivalent measurements as approved by the Commission may be used).

002.11B2 Ninety percent (90%) of repair service calls, calls to the business office and other calls shall be answered within twenty (20) seconds (equivalent measurements as approved by the Commission may be used).

002.11C The term "answered" as used in this subsection shall be construed to mean that the operator or exchange carrier representative is ready to render assistance and/or accept information necessary to process the call. An acknowledgment that the customer is waiting on the line shall not constitute an "answered" call.

002.11D Answering time studies shall be made by exchange carriers to the extent and frequency necessary to determine compliance with the objectives outlined in this subsection. The exchange carrier shall furnish reports to the Commission upon request.

002.12 Dial Service Objectives: Sufficient central office capacity and equipment shall be provided to meet the following requirements during the average busy hour-busy season:

002.12A Ninety-eight percent (98%) of all calls should receive dial tone within three (3) seconds.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.12B Intraoffice trunks shall be sufficient so that ninety-seven percent (97%) of all correctly dialed intraoffice calls can be handled without encountering an all trunks busy condition.

002.12C Local interoffice trunks in multi-office exchanges shall be provided in sufficient quantities so that ninety-six percent (96%) of all correctly dialed interoffice local calls will not encounter an all trunks busy condition.

002.12D Trunks for extended area service shall be provided in sufficient quantities so that at least ninety-five percent (95%) of all correctly dialed calls offered to any trunk group within the local calling area will not encounter an all trunks busy condition.

002.13 Loop Transmission Objectives: Exchange carriers shall furnish and maintain adequate plant, equipment, and facilities necessary to provide satisfactory transmission of telecommunications. Transmission shall be at adequate volume levels and free of excessive distortion. Levels of noise and cross-talk shall be such as not to impair communications.

002.13A Local line loops shall have a loop resistance not exceeding the operating design of the associated central office equipment. Longer loops may be used by employment of long line adapters and amplifiers, or special equipment.

002.13B Transmission loss as set forth herein means the loss that occurs in a telephone connection, measured in decibels (db) at one thousand (1000) hertz per second, exclusive of test pads, impedance matching coils used for measurement, and similar devices. Transmission loss on local access line loops shall not exceed ten (10) db.

002.13C The maximum overall transmission loss objective, including the loss of terminating equipment on local interoffice trunks, shall be seven (7) db.

002.13D Noise, as set forth herein means noise expressed in db above reference level, with the standard C-message weighting (dbrnC) at applicable circuitry impedances. Reference level is defined as minus ninety (-90) dbm (minus 90 decibels referred to one milliwatt). The maximum noise objective for local access

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

line loops shall be thirty (30) dbrnC.

002.13E The maximum power influence or noise-to-ground objective for local access line loops shall be ninety (90) dbrnC.

002.13F The minimum loop current objective for local access lines shall be twenty (20) milliamps (ma).

002.14 Customer-Provided Semi-Public Telephones: Customer-provided coin or non-coin operated telephone instruments may be connected to semi-public telephone service offered by exchange carriers under the following conditions:

002.14A Customer-provided coin or non-coin operated telephones must be registered in compliance with Part 68 of the Federal Communications Commission Registration Program or be connected behind an FCC registered coupler.

002.14B The customer shall be responsible for the installation, operation and maintenance of any customer-provided telephones used in connection with this service.

002.14C The customer shall be responsible for payment of all exchange carrier charges for this service as well as charges for all toll messages originated or accepted at this type of service.

002.14D Customer-provided coin or non-coin operated telephones must have the following operational characteristics:

002.14D1 Must be able to access the operator at no charge and without using a coin.

002.14D2 Must be able to access 911 Emergency Service, where available, at no charge, without using a coin, and, when such instrument can only access 911 Emergency Service by use of a dialing sequence other than 911, must prominently display on such instrument, the appropriate dialing sequence to access 911 Emergency Service, where available.

002.14D3 Must be able to access all interexchange carriers unless the customer is an interexchange carrier

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

in which case access may be limited to that carrier.

002.14D4 Must comply with all applicable federal, state, and local laws and regulations concerning the use of these telephones by disabled persons and the hearing impaired.

002.14D5 Must allow completion of both local and long distance calls from the zero (0) level.

002.14E The customer shall cause to be prominently displayed on each customer-provided coin or non-coin operated semi-public telephone the name of the owner of such instrument, the procedure for reporting the service difficulties and obtaining customer refunds, and the percentage or range of percentages by which the cost of long distance service to the vendor is increased to the user of such equipment.

002.14F Customer-provided semi-public telephones must be connected to one-party service and only one such instrument per line is allowed.

002.14G Rates for local calls from customer-provided semi-public telephones shall not be regulated by the Commission. Any additional charge for long distance service must be made in accordance with 002.14E preceding.

002.15 Application for Service:

002.15A An application or applicants desiring access line service from an exchange carrier may be required to make application in writing. Forms for this purpose shall be supplied by the exchange carrier and should be accompanied by a telephone number the exchange carrier can call during normal business hours to reach the applicant and complete the application.

002.15B Each exchange carrier shall keep a record of held applications by exchange, showing the name and address of each applicant for service, the date of application, the date service is desired, the class and grade of service applied for, together with the reasons for the inability to provide the new service or higher grade of service to the applicant. The exchange carrier

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

shall furnish reports to the Commission upon request.

002.16 Refusal of Service and Disconnection:

002.16A Access line service may be refused or disconnected for any of the following reasons:

002.16A1 Without notice in the event of customer use of equipment in such a manner as to adversely affect the access line service to others.

002.16A2 Without notice in the event of tampering with the equipment furnished and owned by the exchange carrier.

002.16A3 For violation of or non-compliance with the Commission's regulations governing access line service supplied by exchange carriers or for violation of or non-compliance with the exchange carrier's tariff on file with the Commission.

002.16A4 Failure to pay for services rendered subsequent to proper notice.

002.16A5 Request for service or delinquency in payment for service at an indebted household, unless a customer in the indebted household to whom service is provided and billed has made prompt payment for such service.

Rule and Regulation No. 121; October 27, 1993

002.16B The following shall not constitute sufficient cause for refusal of access line service to a present or prospective customer:

002.16B1 Delinquency in payment for service by a previous occupant, other than a member of the same household, of the premises to be served.

002.16B2 Failure to pay directory advertising charges or other unregulated charges.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.16B3 Failure to pay for operator service provider charges billed by the local exchange carrier if the charge exceeds that of AT&T Communications of the Midwest.

002.16B4 Failure to pay for 900, 960 or 976 calls disputed by the customer.

002.17 Customer Billing:

002.17A Bills to customers shall be rendered regularly and shall contain a clear listing of all charges. A written itemized listing of the services being subscribed to and their monthly rates shall be provided as a part of the initial bill or when service is ordered and subsequently upon reasonable request of the customer.

002.17B If a dispute between the customer and the exchange carrier occurs regarding any bill, prompt investigation will be made and the results given to the customer. During the investigation, disconnection of service will not occur provided the balance of the bill not in dispute is paid. If the investigation does prove the disputed billing is correct under the regulations of the Commission, and the customer still will not pay the amount due, the exchange carrier may then disconnect service. The customer, or the exchange carrier, may make application to the Commission for review. Their decision will be final, subject only to legal redress as the parties involved may choose to exercise. The Commission may prohibit such disconnection pending review of the dispute.

002.18 Information:

002.18A Each exchange carrier shall, upon request, provide its customers with such information and assistance as is necessary so that they may secure the most desirable grades of service.

002.18B Each exchange carrier shall provide or make provisions, through tariffs, for directory assistance and information regarding customers not listed in their locally published directory, provided, however, the number of a customer who has requested that his number not be made available to the public need not be

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

disclosed.

002.18C Each exchange carrier shall provide or make provisions through tariffs, customer line verification in emergencies where possible.

002.19 Rules Governing Credit and Deposits:

002.19A Rules filed under Section 002.21G governing the establishment of credit by customers for the payment of service bills shall be subject to the following provisions:

002.19A1 The amount of deposit required shall not normally exceed the bill for two (2) month's service plus estimated toll charges for two (2) months. An increase in the deposit amount may be requested if increased usage or additional services warrants it.

002.19A2 Deposits shall bear simple interest at the minimum rate of seven percent (7%) per annum. No interest need be paid on deposits held less than thirty (30) days.

002.19A3 In the case of residential service the deposit shall be refunded upon request of the customer after twelve (12) consecutive months of prompt payment and refunded voluntarily after twenty-four (24) consecutive months of prompt payment.

002.19A4 In the case of business service, the deposits shall be refunded after thirty-six (36) consecutive months of prompt payment.

002.19A5 Deposits may be refunded sooner at the exchange carrier's option.

002.19A6 New and existing residential customers may be allowed to pay deposits or requests for increases in existing deposits in installments over a period of at least three (3) months.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.19A7 Each exchange carrier holding customer deposits shall render to each depositor, when such customer's deposit is applied to an unpaid bill, a statement showing the bill then due and unpaid, the amount of the deposit, together with the interest accrued thereon and the period covered thereby, and the balance due or remaining to the credit of the depositor.

002.19A8 Each exchange carrier holding customer deposits shall render to each depositor, when and as such deposit is refunded, a statement showing the amount of the deposit, together with the amount of unpaid interest accrued thereon to the date of refund and the period covered thereby.

002.19A9 For purposes of establishing a refund date when deposits are paid on an installment plan, the date will be the day of receipt of the final installment.

002.19A10 Each exchange carrier holding deposits shall issue to every subscriber from whom a deposit may be exacted, a receipt of which a record shall remain in the possession of the exchange carrier.

002.19A11 Records shall be kept by each exchange carrier showing, with respect to each deposit, the account telephone number, the name of the customer making the deposit, the address of each depositor, if known, the date of receipt of the deposit and the amount of the deposit. These deposit records shall include deductions representing sums due and unpaid to the carrier, when the depositor ceased to be a customer and the date thereof, together with such other information as any such carrier may deem necessary to make a complete record of each deposit.

002.19B Guarantors shall be accepted in lieu of deposits subject to the following:

002.19B1 The guarantor shall be satisfactory to the exchange carrier.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.19B2 The guarantor shall guarantee the payment of all specific charges for access line facilities and service covered on the date the guarantee arrangement is entered into. The guarantor's liability shall not exceed the amount otherwise required as a deposit by the exchange carrier from the customer.

002.19B3 The guarantor's obligation shall cease:

002.19B3a Upon the customer discontinuing service, or

002.19B3b After twelve (12) consecutive months of prompt payment, or

002.19B3c After ten (10) business days written notice by the guarantor to the exchange carrier, the customer would be subject to suspension of service unless a security deposit is received before the date the guarantor's obligation ceases.

002.19B4 The exchange carrier shall have six (6) months, from the date a guarantor's obligation ceases, in which to accumulate charges incurred prior to such date for which the guarantor may be obligated.

002.19B5 The exchange carrier shall provide written notification to the guarantor verifying date guarantor's obligation ceases.

002.19C The exchange carrier may request an existing customer for a deposit or guarantee or an increase in a deposit or guarantee only if increased usage warrants such request or where the customer's payment record is not satisfactory.

002.19D Where the customer's business is of a hazardous or temporary nature, the exchange carrier may bill such customer on other than a monthly basis with a corresponding adjustment in the deposit or guarantee requirement.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.20 Complaint Handling Procedures: Customers' complaints about access line service, deposit requests, or other service or billing problems shall first be made to the exchange carrier. The carrier shall allow complaints to be accepted and processed in a simple manner and form. Every complaint shall be promptly investigated in a fair manner and the results reported to the complainant. If the report of the investigation is made orally, the carrier shall provide the complainant, upon request, the report in writing. If the carrier fails to resolve a complaint to the satisfaction of the complainant, the carrier shall, upon request, inform same of the availability of the Commission to review the carrier's investigation, including the Commission's address and telephone number.

002.20A An exchange carrier shall refrain from suspending or terminating service for non-payment during the pendency of a complaint before the exchange carrier or this Commission or its authorized designee, unless otherwise provided by the Commission or its authorized designee; provided however, that as a condition of continued service during the pendency of such dispute, a customer shall pay the undisputed portions of any bill for service.

002.21 Tariff to be Filed with the Commission: No exchange carrier shall offer access line service to the public, except pursuant to its tariff filed with the Commission. The provisions of such tariff shall be definite and so worded as to minimize ambiguity or the possibility of misinterpretation and shall include, together with such other information as may be deemed pertinent, the following:

002.21A A list of the exchanges or a separate sheet for each exchange showing the rates and charges for local exchange access line service at those exchanges.

002.21B A map or maps of each exchange showing the various rate areas.

002.21C Information as to the extended area access line service furnished.

002.21D Definitions of classes of access line service.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.21E Rules for extending access line service to new customers indicating what portion of the line extension or the cost thereof will be furnished by the exchange carrier.

002.21F Rules governing foreign exchange access line service (where offered) and all other access line service offerings together with the corresponding rates and charges.

002.21G Rules governing the establishment or re-establishment of access line service including credit requirements.

002.21H Rules governing the procedures followed in disconnecting and reconnecting access line service.

002.21I Rules governing the billing procedures and payment requirements.

002.22 Directories:

002.22A One exchange alphabetical directory for each access line shall be made available, without charge, to all access line customers. The listings of customers in foreign exchanges to which extended area service is provided shall also be made available to all access line customers. Where such listings are not included in the exchange directory, the exchange carrier shall inform customers how such listings may be obtained. Inclusion of all listings for the calling area within a single volume is recommended.

002.22B Directories shall be revised at least annually. Exemption from this requirement may be necessary with an office conversion, or when changed listings and new listings are not sufficient in number to cause serious inconvenience. Such exemption shall be provided upon approval of this Commission. A shorter directory interval may be necessary where the number of changed listings and new listings is abnormally large.

002.22C The name of the exchange covered by the directory, month and year issued, and the area code shall appear prominently. If the directory serves more than one exchange, such exchanges shall be listed in the front of the directory.

EFFECTIVE DATE: February 28, 2000

LAST ISSUE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.22D Each directory shall contain a list of common governmental emergency numbers, a list of extended area service points, and the repair service number; pertinent instructions concerning the use of local and extended area service; and an alphabetical list of all customers, together with their address (unless customer requests address omission) and telephone number. The number of a subscriber who has requested that his number not be made available to the public shall not be listed subject to any existing or future tariffs that may be applicable. The emergency numbers shall appear prominently in the directory either on the inner or outer face of the front cover, or on the first page inside the cover. The opening pages of the directory shall contain a conspicuous notice advising customers that should the carrier fail to satisfactorily resolve service or billing problems, the customer may refer the problem to the Nebraska Public Service Commission, 300 The Atrium, 1200 N Street, Lincoln, NE 68508, telephone number 402-471-3101.

002.22E Upon issuance of a new directory, two copies thereof shall be filed by the exchange carrier with the Commission.

002.23 Records:

002.23A All records required by these rules, unless otherwise specified herein, shall be preserved for the period of time specified by the Federal Communications Commission's Records Retention Schedule.

002.23B Each exchange carrier shall maintain records of its operations in sufficient detail as is necessary to permit review of its operation to assure the furnishing of adequate service. Such records shall be made available for inspection by the Commission upon request at any time within the period required for the retention of such records.

002.23C Where an exchange carrier is operated in conjunction with any other enterprise, suitable records shall be maintained, so that the results of the exchange carrier's regulated operation may be determined within a reasonable time after notice to the exchange carrier by the Commission.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.24 Accounting:

002.24A For purposes of accounting to the Commission, each exchange carrier shall be classified in conformance with the latest FCC rules.

002.24B For the purposes of accounting to the Commission, each exchange carrier shall keep its books and records in accordance with the appropriate uniform system of accounts in conformance with the latest FCC rules.

002.24C Each exchange carrier shall file an annual report with the Commission on or before April 30 of the succeeding year.

002.24D Exchange carriers filing an annual report with the Federal Communications Commission shall file a copy of same with the Commission and in addition shall file with the Commission an annual report on the form prescribed by the Commission.

002.24E Exchange carriers operating in more than one state shall file with the Commission a supplemental annual report with segregation of accounts and miscellaneous statistics for the State of Nebraska on the form prescribed by the Commission.

002.24F Exchange carriers not filing an annual report with the Federal Communications Commission shall file with the Commission an annual report on the form prescribed by the Commission.

002.25 Service Area:

002.25A Each exchange carrier shall file with the Commission a map for each exchange operated in the State of Nebraska. Each map shall show the exchange area of the exchange for which such map is filed. The exchange area shall be enclosed in a solid black line; a service station company area receiving switching service from the exchange shall be enclosed in a dash-dot line; any area within the exchange area boundaries which receives service from another exchange shall be shaded indicating a duplicate service area; section lines, range and township numbers and the names of counties served shall be shown; the map shall be drawn to a scale not less than 1/2 inch per mile; the map shall indicate the revision number, date of issuance, and person who

authorized the revision.

002.25B Any change in the service area boundary of an exchange which would result in one exchange carrier offering access line service in the exchange area of another exchange carrier or which would result, directly or indirectly, in an increase in rates charged or in a change of service offered in the area affected, shall be valid only after approved by the Commission. Each exchange carrier shall within a reasonable time after a change in its service area boundaries, file a revised map depicting the revised service area of the exchange for which such map is filed.

002.25C Commission acceptance or approval of a map filed pursuant to this subsection shall not preclude the Commission from thereafter determining in any appropriate proceeding the accuracy of the map filed or from assisting in the settlement of any boundary dispute.

002.26 Transfer of Ownership of Exchange Carriers of their Properties:

002.26A No valid sale, assignment or transfer of one or more exchanges can be affected by transfer of the physical properties or the assignment of stock resulting in a change in controlling interest until a joint application requesting such change is approved by the Commission and a certificate of public convenience and necessity or permit as a contract carrier has been issued to the new owner.

002.26B No two or more exchange carriers operating as a common carrier shall consolidate their properties, or any part thereof involving an exchange, into a single carrier, nor shall one or more exchange carriers acquire the whole or any part of the properties of another exchange carrier by the purchase of stock, securities or by lease or in any like manner without first filing an application with and receiving from the Commission a certificate of convenience and necessity, providing, however, this rule shall not be construed to apply to purchase and sale transactions in the usual course of business between one exchange carrier and another involving units of property less than a single exchange.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.26C After a public hearing, if the Commission finds that the proposed transfer, consolidation, acquisition or control be of advantage to persons to whom service is to be rendered and in the public interest, it shall thereupon enter an order certifying to that effect, and the applicant or applicants may thereafter proceed to consolidate, acquire or control in the manner and form specified in said application except and unless the Commission otherwise provides.

002.27 Extended Area Service:

002.27A No Extended Area Service (EAS) may be discontinued without prior approval of the Commission. All new EAS offerings must be approved by the Commission.

002.27B Survey Procedure; General Information:

002.27B1 All exchange carriers subject to the Commission's jurisdiction shall follow the EAS survey procedures set forth in the following sections: Sections 002.27C and 002.27D contain the procedures to be followed to establish EAS and Sections 002.27E and 002.27F contain the procedures to be followed to discontinue EAS.

002.27B2 At all stages of this procedure, the information an exchange carrier is required to supply customers shall be brief but sufficient to explain the proposed service to the customers and shall not discourage the customers from completing the survey.

002.27B3 Whenever an EAS survey is conducted, the exchange carrier shall mail to each customer account (primary service listing) a letter explaining the purpose of the survey, and a postage-paid, Commission-addressed return ballot on which the customer can indicate a preference. The Commission shall provide the exchange carrier a copy of the survey results within ten (10) days following the last date on which surveys may be returned to the Commission.

LAST ISSUE DATE: September 3, 1991

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.27B3a Customers are permitted one vote per account.

002.27B4 The exchange carrier shall provide a copy of the proposed text and format of the customer letter and ballot to the Commission, for its approval.

002.27C Requirements for Establishing Extended Area Service (EAS) Studies:

002.27C1 The initiative for EAS shall be in the form of a petition presented to the Commission with evidence of support indicated by signatures of twenty-five percent (25%), or 750, of the petitioning exchange accounts, whichever is less. If the subscriber has a residential account, the petition must be signed by the subscriber or the subscriber's spouse. In the case of a business account, only a duly authorized agent or representative of the business may sign the petition. Each signer shall include an address and telephone number. The exchange carrier may also inaugurate the initiative for EAS.

002.27C2 The exchange carrier shall file a list of customers in the petitioning exchange with the Commission within seven (7) working days of notification by the Commission that a petition has been filed. If the petition meets the above requirements, the Commission will assign a docket number to the EAS request.

002.27C3 If the requirements of Section 002.27C1 are fulfilled, the exchange carrier shall conduct a usage study covering the most recent three month available data to determine if a sufficient community of interest exists from the petitioning exchange to the petitioned exchange. There must be an average of five (5) or more calls per customer, per month, and more than fifty percent (50%) of the customers must make at least two (2) calls per month to the petitioned exchange in at least two (2) of the three (3) months studied. The exchange carrier shall file the results of the usage study with the Commission within forty-five (45) days from the date the petition is docketed. If these basic criteria are not met, the request will be dismissed without further action.

EFFECTIVE DATE: February 28, 2000

LAST ISSUE DATE: September 3, 1991

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.27C4 If the provisions of Section 002.27C3 are met, the exchange carrier shall file proposed rates for EAS and may voluntarily file an OEACP with the Commission within ninety (90) days from the date usage studies are submitted. The proposed rates shall be made a part of the record in the docket. The exchange carrier shall provide evidence supporting the proposed rate, including computations used to develop the proposed rates.

002.27C5 The exchange carrier shall hold at least one informational meeting in the exchange where the EAS petition was originated within sixty (60) days from the date the proposed rates are filed. The purpose of the meeting is to inform the petitioners of the proposed rates and to assess the petitioners' interest in receiving EAS, or an OEACP if offered.

002.27C5a The exchange carrier shall publish notice of the time, date, and location of the informational meeting in the local newspaper of the affected exchange(s) at least one (1) week prior to the date of the meeting.

002.27C6 Within thirty (30) days from the date of the informational meeting, the Commission shall determine whether a survey for EAS should be mailed to the affected customers. If the Commission determines that EAS is not acceptable, or if the EAS ballot fails, the Commission may require that the voluntarily offered OEACP be offered.

002.27C6a The exchange carrier shall publish the results of the Commission's decision (made pursuant to Section 002.27C6) in the local newspaper of the affected exchange(s).

002.27C7 If the Commission determines an optional enhanced area calling plan is acceptable, the exchange carrier shall establish the service not later than six (6) months from the date of the informational meeting, unless good cause is shown.

EFFECTIVE DATE: February 28, 2000

LAST ISSUE DATE: September 3, 1991

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.27C7a A petition for EAS may not be resubmitted for twelve (12) months from the date the OEACP is approved.

002.27C8 When a petition fails to pass the tests in Section 002.27C3, the petitioning exchange may not initiate a similar petition for twelve (12) months from the date the petition is dismissed.

002.27D Requirements for Customer Survey to Establish Extended Area Service (EAS):

002.27D1 If the Commission determines EAS should be offered, the exchange carrier shall conduct a survey of the customers whose rates will be affected if the plan is adopted. The Commission may grant a waiver of this provision upon request from an affected exchange carrier and a showing of good cause.

002.27D2 The survey letter shall contain the following items:

002.27D2a An explanation of the purpose of the survey;

002.27D2b An explanation that only one vote, per account is permitted;

002.27D2c Identification of the existing rate, the amount of the rate increase, and the new rate associated with the addition of the proposed EAS;

002.27D2d A statement that more than fifty percent (50%) of those voting must vote in favor of the proposal before EAS will be implemented;

002.27D2e A statement indicating the proposed date when service would be established which shall not be more than one (1) year from the survey ballot date, unless a delay is granted by the Commission for good cause shown; and

EFFECTIVE DATE: February 28, 2000

LAST ISSUE DATE: September 3, 1991

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.27D2f The date by which the survey ballot must be returned to be considered, as set by the Commission. Such date shall be not less than thirty (30) days, nor more than sixty (60) days, from the date on which the exchange carrier mails the survey letter. The Commission shall not count the survey ballots for three (3) days following the return date to allow all returned survey ballots to clear the post office.

002.27D3 Ballot Return: The postage-paid, Commission-addressed return ballot included with the survey letter should contain the following information:

002.27D3a A statement explaining the EAS proposal being voted upon as set out in the survey letter;

002.27D3b A place for the customer to indicate a choice of being in favor of, or opposed to, the establishment of EAS; and

002.27D3c Lines designated for the customer's signature, telephone number, and date.

002.27D4 If the customers in an exchange vote in favor of EAS to another exchange, but concurrence in EAS is not received from the second exchange, then customers in the first exchange shall be surveyed with new rates for EAS. The same basic survey procedure shall be followed as provided herein, but the survey letter shall also include information concerning lack of concurrence for EAS by the neighboring exchange and that another survey is being undertaken to determine interest in EAS at new rates. If ultimately only one exchange votes in favor of EAS, the subscribers in that exchange shall bear the total cost of the EAS offering.

002.27D5 When a petition fails to pass the requirements of Section 002.27D2d, the exchange carrier or petitioning exchange may not submit a similar petition for twelve (12) months from the date the petition is dismissed.

EFFECTIVE DATE: February 28, 2000

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.27E Requirements for Discontinuing Extended Area Service (EAS):

002.27E1 The initiative to discontinue EAS shall be in the form of a petition presented to the Commission with evidence of support indicated by signatures of twenty-five percent (25%), or 750, of the petitioning exchange accounts, whichever is less. If the subscriber has a residential account, the petition must be signed by the subscriber or the subscriber's spouse. In the case of a business account, only a duly authorized agent or representative of the business may sign the petition. Each signer shall include an address and telephone number. The exchange carrier may also inaugurate the initiative to discontinue EAS.

002.27E2 The exchange carrier shall file a list of customers in the petitioning exchange with the Commission within seven (7) working days of notification by the Commission that a petition has been filed. If the petition meets the above requirements, the Commission shall assign a docket number to the request to discontinue EAS.

002.27E3 The exchange carrier shall conduct customer usage, cost, and revenue studies and shall submit the results of such studies to the Commission within ninety (90) days of the docket date. The Commission shall determine the merits of proceeding with a customer survey.

002.27E4 The exchange carrier need not undertake such studies more than once in the twelve (12) month period from the date the petition is dismissed.

002.27F Requirements for Customer Survey to Discontinue Extended Area Service (EAS):

002.27F1 The survey letter shall contain the following items:

EFFECTIVE DATE: February 28, 2000

LAST ISSUE DATE: September 3, 1991

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.27F1a An explanation of the purpose of the survey;

002.27F1b An explanation that only one vote, per account, is permitted;

002.27F1c Identification of the existing rate, the amount of the rate decrease, if any, and the new rate associated with the proposed discontinuance of EAS; (Previously Item 2)

002.27F1d A statement that more than fifty percent (50%) of those voting must vote in favor of the proposal before EAS will be discontinued;

002.27F1e A statement indicating the proposed date when the service would be discontinued, which shall not be more than six (6) months from the survey ballot date; and

002.27F1f The date by which the survey ballot must be returned to be considered, as set by the Commission. Such date shall be not less than thirty (30) days, nor more than sixty (60) days, from the date on which the exchange carrier mails the survey letter. The Commission shall not count the ballots for three (3) days following the return date to allow all returned survey ballots to clear the post office.

002.27F2 Ballot Return: Along with the survey letter, the exchange carrier shall send each customer in the affected exchange(s) a postage-paid, Commission-addressed return ballot containing the following information:

002.27F2a A statement explaining the EAS proposal being voted on as set out in the survey letter;

EFFECTIVE DATE: February 28, 2000

LAST ISSUE DATE: September 3, 1991

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.27F2b A place for the customer to indicate a choice of being in favor of, or opposed to, the discontinuance of EAS; and

002.27F2c Lines designated for the customer's signature, telephone number, and date.

002.27F3 A majority of those voting in each exchange surveyed must vote to discontinue EAS for the service to be withdrawn.

002.27F4 The exchange carrier need not conduct a customer survey to discontinue EAS more than once in any twelve (12) month period from the date the petition is dismissed.

002.27G Exemption: If an exchange carrier offers, in an exchange, an optional enhanced area calling plan acceptable to the Commission, it shall be exempt from the requirements of rule 002.27B in that exchange.

002.28 Short Term Debt: No exchange carrier whose security issues require the approval of this Commission may issue short term or demand notes or other evidence of indebtedness in any amount exceeding twenty percent (20%) of its total plant in service without prior approval of this Commission.

002.29 Application for New Rates or Charges, of Changes in Existing Rates or Charges for Telephone Service: An application to establish new rates or charges or to change existing rates or charges filed pursuant to Section 75-128 R.R.S. 1943, as amended, shall be accomplished by proposed tariff sheets setting forth the proposed rates and the appropriate filing fee. In lieu of filing tariff sheets, an applicant may submit a detailed rate schedule of all items to be changed including the present rate, the proposed rate, the number of units and the revenue to be produced.

002.29A The Commission will not approve any increase in rates pursuant to Section 75-128 R.R.S. 1943, as amended unless it finds:

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.29A1 The increase is cost-justified and does not reflect future inflationary expectations. Said standard shall be applied subject to the following conditions:

002.29A1a Application or tariff filings for rate increases must be based on data submitted for a recently concluded test year or for a test year consisting of at least six (6) months actual experience and not more than six (6) months estimated data to be subject to correction or verification during the course of the proceeding considering the proposed rate increase.

002.29A1b Adjustments will be made to test year data to reflect changes in costs occurring during the test year but not reflected in test year data, known and measurable changes in costs occurring within a reasonable time subsequent to the test year. All known decreases in costs, as well as increases will be included in the adjustments made.

002.29A1c Adjustments will also be made to eliminate the effects of abnormal or unrepresentative conditions reflected in test year data.

002.29A1d Adjustments for changes in test year costs will not be made unless either the changes are subject to definite computation or reasonable estimation, or in exceptional circumstances, a cost adjustment is dictated by overriding considerations of public policy and should be allowed despite difficulties in estimations. In the case of adjustments falling within the latter category, the Commission may require periodic reporting or impose other protective conditions. In no case will an adjustment be made on the general predictions of future increased cost.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.29A2 The increase is the minimum required to assure continued, adequate and safe service or to provide for necessary expansion to meet future requirements.

002.29A2a Where rate increases are sought to cover future costs associated with safety, expansion of service, improvement of service, or environmental or ecological protection, the increases will not be permitted except in instances where the costs qualify as test year adjustments within the scope of 002.29A1(b), (c), and (d) preceding.

002.29A3 The increase will achieve minimum rate of return or revenue needed to attract capital at reasonable costs, to maintain the integrity of the utility's investment, and not to impair its credit; such rate of return must also meet all the requirements of the Constitution and statutes of the state of Nebraska and all decisions of the Nebraska Supreme Court with reference to such matters.

002.29A3a In determining an appropriate rate of return, the Commission will consider the capital structure at or near the time the applicant's increased rates will become effective. Costs of various components of capital structure-interest on bonds, dividends on preferred stock, return on common stock-will be computed as of that date. Adjustments generally will be made in the capital structure and in the costs of various types of capital in a number of situations, as, for example, where adjustments are required to reflect new financings which are known to be imminent.

002.29A3b The rate of return or operating ratio allowed by the Commission will not reflect expectations of future inflations, but only cost-justified expense increases.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.29A4 The increase takes into account expected and obtainable productivity gains, to the extent that such gains can be measured and verified.

002.29A5 This Rule shall not apply to rate increases of utilities if such rate increases are:

002.29A5a Intended only to pass on to customers specific payments to municipalities, such as occupation taxes, license taxes, permit or franchise fees, or

002.29A5b Which do not increase the utility's aggregate annual revenue by more than one percent.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.30 Exemption From Rate Regulation: Exchange carriers which serve less than five thousand (5,000) subscribers shall not be subject to rate regulation by the Nebraska Public Service Commission pursuant to Section 75-609 R.R.S. 1943, as amended, unless:

002.30A Exchange carriers eligible for exemption may elect to be regulated. If prior to any proposed rate change its Board of Directors votes to be subject to regulation, a copy of the resolution shall be filed with the application.

002.30B If the proposed increase exceeds thirty percent (30%) in any one year for any subscriber's service, the proposed increase shall be subject to Commission rate regulation.

002.30C Notice to the Commission shall be in writing over the signature of an officer of the exchange carrier and shall include the present and proposed rates, the effective date of the rate increase, a list of subscribers as of the first day of the month in which the notice is given and a statement that all subscribers have been notified. Notice to all affected subscribers shall be in the following form:

002.30C1 Form for Notice of Proposed Rate Change:
(Date)

Exchange Carrier
, Nebraska

NOTICE OF RATE INCREASE

All affected subscribers of the _____ Telephone Company are hereby notified that increased rates will be effective (date). Present and proposed rates by class of service are as follows:

<u>Class of Service</u>	<u>Present</u>	<u>Proposed</u>
-	-	-

All affected subscribers are hereby notified that said rates are not subject to approval by the Nebraska Public Service Commission unless petitions signed by five percent (5%) or more of the subscribers are received by the Commission before the effective date shown above. At the present time the company serves _____ affected subscribers. Petitions must be in the following form:

EFFECTIVE DATE: February 28, 2000

LAST ISSUE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

To the Nebraska Public Service Commission:

The undersigned subscribers of the _____ Telephone Company do hereby petition the Nebraska Public Service Commission to determine rates in lieu of those proposed by the telephone company.

<u>Date</u>	<u>Subscriber's Signature</u>	<u>Telephone No.</u>
-	-	-

Each signature shall be dated and shall be that of the subscriber or the subscriber's spouse. If a business, the name shall be included with the signature of an officer or agent. The subscriber's telephone number shall be shown. If an unlisted number, "unlisted" may be shown. Each petition may be signed by one or more subscribers and shall be sent to the Nebraska Public Service Commission, 300 The Atrium, 1200 N Street, Lincoln, NE 68508.

002.30D The foregoing notice to subscribers may exclude the instructions concerning petitions if such information is published in the company's telephone directory and the notice contains reference thereto.

002.30E The effective date of any rate increase proposed by an exchange carrier exempt from rate regulation shall not fall on a Saturday, Sunday, legal holiday or the day immediately following any of the above. Exchange carriers will be notified by the Commission by telephone as soon as petitions are filed, with a confirmation by letter, and shall likewise be notified by the effective date if fewer than five percent (5%) of the subscribers have submitted petitions.

002.30F If at any time the Commission receives petitions signed by fifty-one percent (51%) or more of an exchange carrier's subscribers requesting regulation, the Commission shall declare the company subject to rate regulation.

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.30F1 Petitions shall be in the following form:

To the Nebraska Public Service Commission:

The undersigned subscribers of the _____ Telephone Company hereby petition the Nebraska Public Service Commission to declare that the company shall be subject to rate regulation.

<u>Date</u>	<u>Subscriber's Signature</u>	<u>Telephone No.</u>
-	-	-

Each signature shall be dated and shall be that of the subscriber or the subscriber's spouse. If a business, the name shall be included with the signature of an officer or agent. The subscriber's telephone number shall be shown. If unlisted, "unlisted" may be shown. Each petition may be signed by one or more subscribers and shall be sent to the Nebraska Public Service Commission, 300 The Atrium, 1200 N Street, Lincoln, NE 68508.

002.30F2 Upon receipt of said petitions, the Commission shall notify the exchange carrier and shall obtain a list of current subscribers.

002.30F3 Companies subject to rate regulation by virtue of petitions by fifty-one percent (51%) of their subscribers may be exempted from regulation upon the filing with the Commission of petitions signed by fifty-one percent (51%) of the subscribers requesting deregulation in like form as previously set forth in this section.

002.30F4 When any proposed rate increase is subjected to Commission regulation, whether by petition or otherwise, a proper application shall be filed with the Commission and all provisions of the Commission's Rules and Regulations as to applications shall apply.

002.31 Rate Regulation: Pursuant to Section 86-803 R.R.S. 1943, as amended, telecommunications companies shall not be subject to basic local exchange service rate regulation by the Nebraska Public Service Commission, except as follows:

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.31A A telecommunications company may file an application with the Commission requesting the Commission to prescribe fair and reasonable rates for the company.

002.31B Except as provided in Section 75-609.01 R.R.S. 1943, as amended and Commission Rule 002.30, the Commission may on its own motion review basic local exchange rates of any telecommunications company if the company has increased such rates for its local service area by more than 10% within any consecutive 12-month period.

002.31C The Commission shall review a telecommunications company's basic local exchange rates if a valid petition is filed with the Commission within sixty days from the date notice is sent to affected subscribers and is signed by:

002.31C1 5% of all affected subscribers if the company has up to 50,000 access lines in service.

002.31C2 3% of all affected subscribers if the company has 50,000 but not more than 250,000, access lines in service.

002.31C3 2% of all affected subscribers if the company has more than 250,000 access lines in service.

002.32 Notice of Rate Change: All subscribers shall be notified in writing of any change in the monthly basic local exchange rates sixty days prior to the effective date. A notice of this change shall include but not be limited to:

002.32A The reasons for the rate increase

002.32B A description of the affected service

002.32C An explanation of the right of the subscriber to petition the commission for a public hearing on the rate increase

002.32D A list of exchanges which are affected by the proposed rate increase

002.32E The dates, times, and places for the public informational meetings required by this section

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.32F A statement of the number of affected subscribers served and the number and percentage of signatures required for a hearing to be held, and

002.32G A statement that the complaint must be signed by the subscriber or subscriber's spouse, be dated and include a telephone number. If a business subscriber, the name of the business with a signature of an officer or an agent. The subscriber's telephone number should be shown to aid in verifying the subscriber. If an unlisted number, "unlisted" may be shown.

002.33 Local Exchange Service Petition Notice: The notice to subscribers required by subsection (2) of Section 86-803 shall include a statement that a sample petition may be obtained by writing or calling the Nebraska Public Service Commission, 300 The Atrium, 1200 N Street, Lincoln, NE 68508, 402-471-3101.

002.34 Information Meeting(s): At least one informational meeting shall be held in an affected exchange of each Commission district in which an exchange carrier provides basic local exchange service prior to the effective date of the rate increase. The exchange carrier shall explain the proposed rate increases, the reasons for the increases and respond to questions by members of the public. At the exchange carrier's informational meetings, the notice must be made available for the subscribers.

002.35 Filing with the Commission: At the time notice of a rate change is sent to the subscribers, a copy of the notice shall be filed with the Commission along with a list of current subscribers.

002.36 Effective Date: Sufficient notice shall be given prior to the effective date of a rate increase by an exchange carrier so that if the sixtieth day following the notice falls on a Saturday, Sunday, or legal holiday the notice period shall be extended to the next business day.

002.37 Notify and Validate: The Commission shall validate the required number of petitions necessary to trigger a hearing and shall not be required to validate all petitions received. Notification shall be made to the exchange carrier by the effective date if fewer than the required subscribers submitted valid petitions. Upon receipt of the required number of valid subscriber petitions, the Commission shall notify the telecommunications company.

EFFECTIVE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.38 Valid Petition Signatures: Each signature shall be dated and if a residential subscriber, be that of the subscriber or the subscriber's spouse. If a business subscriber, the name of the business shall be included with the signature of an officer or agent. Only one signature per business subscriber or per residential subscriber will be counted. The subscriber's telephone number shall be shown to aid in verifying the subscriber. If an unlisted number, "unlisted" may be shown. Each formal complaint may be signed by one or more subscribers and shall be sent to the Nebraska Public Service Commission, 300 The Atrium, 1200 "N" Street, Lincoln, NE 68508.

002.39 Suspended Rates and Charges: If a proper complaint is presented to the Commission within sixty days from the date notice of the rate change was sent to subscribers, the Commission shall accept and file the complaint, and, upon proper notice, may suspend the rates and charges at issue during the pendency of the proceedings and reinstate the rates and charges previously in effect. The exchange carrier shall be notified in writing as to the time and place of a hearing to review the rates.

002.40 Burden of Proof: In a complaint proceeding pursuant to a rate change, the applicant for a rate change has the burden of going forward with presentation of evidence unless otherwise ordered by the commission.

002.41 Review by the Commission: If a proper complaint is presented to the Commission under Nebraska Revised Statute '86-803 (1986 Supp) the Commission may, within sixty days after close of the hearing, enter an order adjusting the basic local exchange rates and charges at issue, except that the commission may not set any rate or charge below the actual cost of providing such service as established by the evidence received at the hearing.

002.42 Actual Cost: The phrase actual cost as used in Section 86-803 (1986 Supp.) shall mean those costs that are attributable to the provision of basic local exchange service. These costs may include, but shall not be limited to, a telecommunications company's cost for the local distribution facilities, the applicable central office equipment, billing and collecting, directory listing, intercept service and usage on the local switched network if usage is included in the flat monthly charge for basic local exchange service. Such cost may include cost of money as well as expenses specified by the Uniform System of Accounts such as depreciation, all applicable taxes, operating expenses and directly attributable administrative expenses. A telecommunications company may establish these costs at a hearing through one of the following cost studies

EFFECTIVE DATE: October 15, 1990

adjusted to reflect expected future changes: a long-run incremental cost study, a fully allocated separations cost study, or any other cost study acceptable to the Commission. No matter which study a telecommunications company elects to use, it shall also include within actual cost a ratable portion of administrative expenses and overhead incurred by the telecommunications company in its operations and any appropriate amortization of previously deferred accounting costs. A telecommunications company shall make available to the Commission all workpapers, analyses and data used to prepare the cost study. This definition is only for the purposes of Section 86-803 (1986 Supp.) and the rules pertaining to that section.

002.43 Order of Presenting Evidence: At evidentiary hearings upon basic local exchange rates the telecommunications company changing its rates shall open and close the presentation of evidence. The Hearing Officer may direct departures from the foregoing order of procedure for efficiency and justice.

002.44 Service: The Commission shall retain quality of service regulation over the services provided by all telecommunications companies and shall investigate and resolve subscriber complaints concerning quality of telecommunications service, subscriber deposits, and disconnection of service.

002.44A At a hearing affecting basic local exchange rates, the Commission may consider testimony regarding service presented by an affected subscriber, the commission staff or the telecommunications company.

002.44B The Commission may by order in accordance with the Commission's rules and regulations render its decision granting or denying service relief as is reasonable based on the evidence presented to the commission at the hearing. Any such order of the commission may be enforced against any telecommunications company as provided in Sections 75-140 to 75-145 and may be appealed.

002.45 Notice of a Change in a Rate List other than for Basic Local Exchange Service: Any change in a rate list under Nebraska Revised Statute '86-803 (1) (1986 Supp.) shall be effective after ten days notice to the Commission.

LAST ISSUE DATE: April 29, 1997

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

002.46 Effective Notice to Customers: In addition to the notice to the Commission, each telecommunications company shall notify the customers affected by an increase in a rate list. Notice to affected customers may be in any of the following forms:

002.46A Publication in a statewide or local newspaper in the area.

002.46B Included in the latest bill.

002.46C Separate letters notifying customers of increases.

002.46D Press Release.

002.47 Statement to Commission: Within thirty days after the effective date of an increase in a rate list, the telecommunications company shall present the Commission with a signed, written statement that affected customers have been notified or are being notified and the method of notification. In the case where customers are still being notified, the statement shall include the date when notification shall be final, not to exceed sixty days after the effective date of an increase.

002.48 Blocking of 900, 960, 976: Each local exchange company shall, where facilities are available and only upon request by the subscriber, on an individual numbering plan area (NPA) basis or NXX basis, provide blocking of the following two options: (1) all 900 NPA, 960 and 976 NXX numbers; (2) all 960 and 976 NXX numbers. Such blocking shall be provided without interruption of other services. Any cost associated with the initial blocking shall not be billed separately to the subscriber.

002.49 Certification and Permitting of Competitive Local Exchange Carrier (CLEC):

002.49A Certificate of Authority or Permit Required: Except as provided by Neb. Rev. Stat. '86-805 (Reissue 1999) or other applicable statutes, no person, firm, partnership, limited liability company, joint venture, corporation, cooperative, or association (hereinafter, applicant) shall offer any telecommunications service as defined by the Telecommunications Act of 1996, 47 U.S.C. '151 et. seq. (the Act) or shall construct new telecommunications facilities in this state outside of the applicant's certificated or permitted service area, as defined in these rules, for the purpose of providing any telecommunications

as a condition precedent to granting a certificate or permit authorizing the offering of local exchange telecommunications services, to file with the Commission a bond in such sum as the Commission may require. Such bond shall be filed with the State of Nebraska and be for the benefit of:

002.49D1a Other telecommunications companies providing access to the local exchange networks for the applicant.

002.49D1b All customers of the applicant.

002.49D2 The minimum bond should be sufficient to protect any advances or deposits the telecommunications company may collect from its customers.

002.49D3 The Commission may, for good cause shown, require such increases in the amount of such bond, from time to time, as it may deem necessary for the protection of the public. The surety on such bond must be a corporate surety company holding a certificate with the Department of Insurance of the State of Nebraska authorizing it to execute the same.

002.50 In addition to information otherwise provided to or filed with the Commission, any incumbent local exchange carrier (ILEC) that provides service in the same service territory or exchange as a competitive local exchange carrier (CLEC) with which it is affiliated shall file with the Commission information specified by this rule.

002.50A An ILEC shall file with the Commission all commercial agreements between the ILEC and its affiliated CLEC as they are made.

002.50A1 For the purposes of this rule, commercial agreements includes but is not limited to, agreements not otherwise included in and filed with the interconnection agreement between the ILEC and its affiliated CLEC.

002.50A2 For the purposes of this section, it will be sufficient if the ILEC files such agreements not later than thirty (30) days from the date such agreements are signed.

002.50B An ILEC shall file with the Commission, on an annual basis, commencing April 30, 2006, the number of resale access lines provided by the ILEC to its affiliated CLEC.

002.51 No incumbent local exchange carrier (ILEC) that provides service in the same service territory or exchange as a competitive local exchange carrier (CLEC) with which it is affiliated may engage in discriminatory practices to the favor of its affiliated CLEC.

003 INTEREXCHANGE SERVICE:

003.01 General: An interexchange carrier shall have the authority, through its certificate of public convenience and necessity or permit granted by the Commission, to provide interexchange telecommunications services subject to the provisions in this section.

003.01A The Commission shall maintain safeguards for the protection of proprietary information, included but not limited to, protective orders and limited distribution of the proprietary information.

003.01B The Commission may exempt an interexchange carrier or interexchange service from any provisions of this chapter when the Commission determines that the interexchange carrier or interexchange service is subject to competition. The Commission shall continue to exercise oversight authority over all interexchange carriers and services, and may reimpose or strengthen to the extent necessary, regulation over such services or carriers when the Commission determines such regulation is warranted.

003.01C The following subsections of the preceding section in this chapter shall apply to interexchange carriers with the terms ~~A~~exchange carrier@, ~~A~~access line service@, and ~~A~~central office(replaced by (interexchange carrier(, (interexchange service(, and (switching office(respectively if the service is provided as a common carrier. 003.03B Each interexchange carrier shall provide customer line verification in emergencies where possible.

003.04 Tests: Each interexchange carrier shall provide or contract for test facilities which will enable determination of operating and transmission capabilities of circuit and switching equipment, either for routine maintenance or for fault location.

003.05 Trunk and Access Circuit Service Objectives:

003.05A On toll connecting trunks, a goal of sufficient quantities of trunks to be provided so that ninety-nine percent (99%) of all telephone calls offered to any trunk group will not encounter an all trunks busy condition.

003.05B Trunks shall be provided in sufficient quantities so that ninety-five percent (95%) of all toll manual calls will be completed without an all trunks busy condition.

003.05C Ninety-five percent (95%) of Direct Distance Dialed (DDD) calls, assuming they are properly dialed, shall receive a ring back signal, line busy signal or intercept facility on the first attempt after completion of dialing.

003.05D Interexchange carriers shall provide access circuits in sufficient quantities so that at least ninety-five percent (95%) of all calls offered to the interexchange carrier will not encounter an all circuits busy condition.

003.06 Transmission Requirements: Interexchange carriers shall furnish and maintain adequate plant, equipment, and facilities to provide satisfactory transmission of telecommunications. Transmission shall be at adequate volume levels and free of excessive distortion. Levels of noise and cross-talk shall be such as not to impair telecommunications.

003.07 Minimum Transmission Objectives: The transmission objectives set forth herein are based upon the use of standard telephone sets connected to a 48-volt dial central office. This does not preclude future designs based on new instruments or voltages other than 48 volts, provided that equivalent or better transmission is obtained.

003.07A Transmission loss as set forth herein means the loss

that occurs in a telephone connection, measured in decibels (db) at one thousand (1000) hertz per second, exclusive of test pads, impedance matching coils used for measurement, and similar devices.

003.07B The maximum overall transmission loss objective, including the loss of terminating equipment, for toll terminating trunks shall be four (4) db. The maximum loss objective of intertoll trunks shall be consistent with the requirements of a nationwide switching plan.

003.07C Noise, as set forth herein, means noise expressed in db above reference level, with the standard C-message weighting (dbrnC) at applicable circuitry impedances. Reference level is defined as -90 dbm (minimum 90 decibels referred to one milliwatt).

003.07D The maximum noise objectives for trunks, with both terminals located within the State of Nebraska, shall be as follows:

003.07D1 Trunks of 50 miles or less in length, thirty-two (32) dbrnC.

003.07D2 Trunks between 50 and 100 miles in length, thirty-six (36) dbrnC.

003.07D3 Trunks exceeding 100 miles in length, forty (40) dbrnC.

003.08 Tariff to be Filed with the Commission: No interexchange carrier shall offer a telecommunications service to the public, except pursuant to its tariff filed with the Commission. The provisions of such tariff shall be definite and so worded as to minimize ambiguity or the possibility of misinterpretation and shall include, together with such other information as may be deemed pertinent, the following:

003.08A Definition of all classes of service provided.

003.08B Rules governing foreign exchange service (where offered) and all other service offerings together with the corresponding rates and charges.

003.09 Accounting:

003.09A For purposes of accounting to the Commission, each interexchange carrier shall be classified and shall keep its books and records in accordance with the Uniform System of Accounts as prescribed by the Federal Communications Commission.

003.09B Each interexchange carrier shall file an annual report with the Commission on or before April 30 of the succeeding year.

003.09C Each interexchange carrier filing an annual report with the Federal Communications Commission shall file a copy of same with the Commission and in addition shall file with the Commission an annual report on the form prescribed by the Commission.

003.09D Interexchange carriers operating in more than one state shall file with the Commission a supplemental annual report with segregation of investment, revenue and expense accounts and miscellaneous statistics for the State of Nebraska on the form prescribed by the Commission.

003.09E Interexchange carriers not filing an annual report with the Federal Communications Commission shall file with the Commission an annual report on the form prescribed by the Commission.

003.10 Service Area:

003.10A Each interexchange carrier shall file with the Commission a map showing each originating location.

003.10B Each interexchange carrier shall file with the Commission a map showing each terminating location.

003.10C Each interexchange carrier must file new or revised maps when originating or terminating locations identified in 003.10A and 003.10B change.

003.10D Commission acceptance or approval of a map filed pursuant to this subsection shall not preclude the Commission from thereafter determining in any appropriate proceeding the accuracy of the map filed.

003.11 Application for New Rates or Charges or Changes in Existing Rates or Charges:

003.11A New Rates: An application to establish new rates or charges or to change existing rates or charges filed pursuant to Section 75-128 R.R.S., 1943, as amended, shall be accompanied by proposed tariff sheets setting forth the proposed rates and the appropriate filing fee. An application to increase rates for interexchange service shall include the information set forth below along with such tariff sheets and filing fee. In lieu of filing proposed tariff sheets an applicant may submit a detailed rate schedule of all items to be changed including the present rate, the proposed rate, the number of units and the revenue to be produced.

003.11A1 Testimony and exhibits of all witnesses to be called in the direct case. Amendments of filed testimony and exhibits may be made only with the permission of the Commission.

003.11A2 Balance sheet and income statement or, in lieu thereof, a statement of the assets and reserves which constitute the jurisdictional rate base and net earnings statement for the test year and any adjustments thereto.

003.11A3 The latest available certified audit report.

003.11A4 The latest annual report to stockholders.

003.11A5 A summary of monthly answering time study results for the most recent 12 month period for which such information is available.

003.11A6 This Rule shall not apply to rate increases of interexchange carriers if such rate increases are intended only to pass on to customers increases in payments to municipalities, such as occupation taxes, license taxes, permits or franchise fees.

003.11B New Services:

003.11B1 New products and services identification and rate schedules will be submitted to the Commission under

003.12A14 A description of applicant's technical support staff, training and/or experience of personnel pertinent to its Nebraska operations together with such information as applicant deems appropriate to allow the Commission to make an assessment of the technical competency of such staff.

003.12A15 A copy of applicant's last three annual financial statements, to include a balance sheet and profit and loss statement, and evidence of adequate financing, certified by an independent certified public accountant, together with applicant's most recent interim financial statements, certified by applicant's chief financial officer. If certified financial statements are not available, applicant shall provide such information as the Commission requires to satisfy this provision. At a minimum, financial statements shall adhere to generally accepted accounting principles (GAAP®). For the purposes of determining evidence of adequate financing, the following minimum criteria shall be met:

003.12A15a A Minimum Positive Capitalization of \$200,000: Capitalization shall include all components of equity and total long and short-term debt and can include, but is not limited to, all classes of capital stock, additional paid-in capital, treasury stock, retained earnings, accumulated deficit, preferred stock, long and short-term debt.

003.12A15b Positive Working Capital: For purposes of determining working capital, working capital shall be defined as the excess of an entity's current assets over its liabilities.

003.12A16 A copy of the latest annual report of applicant, if available.

003.12A19 The name and business address of resident agent or person to contact concerning customer complaints.

003.12B Standards for Determination: The Commission will base its decision to approve or deny the application upon its assessment of the financial resources and the managerial and technical competency of the applicant. The Commission will deny the application of any applicant which:

003.12B1 Does not provide the information required by Rule 003.12A.

003.12B2 Fails to file any performance bond required by the Commission in accordance with the provisions of Rule 003.12E.

003.12B3 Does not possess adequate financial resources to provide the proposed service; or

003.12B4 Does not possess adequate managerial and technical competency to provide the proposed service.

003.12C Notice: The Commission shall take action to approve or issue a notice of hearing concerning any application for certification or for a permit within 30 days after receiving the application. The Commission may approve an application with or without a hearing. The Commission may deny an application only after a hearing.

003.12C1 Notice of the filing of the application will be in accordance with the provisions of Rules of Commission Procedure 011.06 and 011.08.

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

003.12D Protests Against Applications; When Filed: Except as provided in Rule 014.05, and unless otherwise provided in statute, a protest against the granting of an application for a certificate or permit authorizing inter-LATA interexchange telecommunications service shall be filed with the Commission within ten (10) days from the date of publication of said notice. A copy of the protest shall be served upon all adverse parties of record, or upon their attorney or attorneys of record.

003.12E Performance Bonds:

003.12E1 The Commission may, if it finds that such action is in the public interest, require an applicant, as a condition precedent to the granting of an application for a certificate or permit authorizing the offering and providing of inter-LATA interexchange telecommunications services, to file with the Commission a bond in such sum as the Commission may require. Such bond shall run to the State of Nebraska and be for the benefit of:

003.12E1a Other telecommunications companies providing access to the local exchange networks for the applicant.

003.12E1b All customers of the applicant.

003.12E2 The minimum bond must be sufficient to protect any advances or deposits the telecommunications company may collect from its customers.

003.12E3 The Commission may, for good cause shown, require such increases in the amount of such bond, from time to time, as it may deem necessary for the protection of the public. The surety on such bond must be a corporate surety company holding a certificate of the Department of Insurance of the State of Nebraska authorizing it to execute the same.

003.12F Escrow or Advance Deposits: The Commission may require that any deposit the applicant telecommunications company collects from its customers or any advances made by the customer

be held in escrow or trust in a federally insured financial institution.

003.12G Rules 003.13 through 003.16D apply only to common carriers. Contract carriers providing services within the purview of these rules will provide for the terms of their service pursuant to the terms of the contract between the carrier and their customer.

003.13 Notice of a Change in a Rate List other than for Basic Local Exchange Service: Any change in a rate list under Neb. Rev. Stat. '86-803(1) (Reissue 1999) shall be effective after ten days notice to the Commission.

003.14 Effective Notice to Customers: In addition to the notice to the Commission, each telecommunications company shall notify the customers affected by an increase in a rate list. Notice to affected customers may be in any of the following forms:

003.14A Publication in a statewide or local newspaper in the area.

003.14B Included in the latest Bill.

003.14C Separate letters notifying customers of increases.

003.14D Press Release.

003.15 Statement to Commission: Within thirty days after the effective date of an increase in a rate list, the telecommunications company shall present the Commission with a signed, written statement that affected customers have been notified or are being notified and the method of notification. In the case where customers are still being notified, the statement shall include the date when notification shall be final, not to exceed sixty days after the effective date of an increase.

003.16 Operator Service: Operator service providers as defined in Section 001.01AA shall comply with all provisions of these rules applicable to interexchange carriers including, but not limited to those dealing with certification, complaints and quality of service.

LAST ISSUE DATE: October 15, 1990

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

003.16A Identification: All operator service providers shall identify themselves in the course of the transaction of an operator assisted call in sufficient time for a caller to terminate the call without incurring a charge.

003.16B Customer Notification: Operator service providers contracting with hotels, motels, hospitals, private pay phone owners or other such businesses are required to cause to be posted and displayed in a prominent fashion, a notice that their rates are not regulated and instructions for registering a complaint with the operator service provider. The notice shall include the carrier name, detailed complaint procedure and procedure to access another company's operator. Rates of the operator service provider shall be available to the caller upon request.

003.16C Public Safety: All operator service providers must provide adequate emergency service to callers dialing zero (0-). Absent the ability of an operator service provider to process emergency calls itself or to reroute emergency calls at all locations back to the originating local network in a timely fashion at no charge, then all 0- calls shall be directed to the local exchange carrier.

003.16D Access to Other Carriers: In order for proper billing of calls and that access to alternate long distance carriers not be denied to the end user, operator service providers must insure that a caller is able to use his or her carrier of choice for long distance service, where available. Operator service providers shall also have procedures for transferring callers on request to other carriers or instructing such callers to follow dialing procedures previously provided to the caller by the carrier of choice. Such transfer may be made only to an operator center serving the originating telephone.

003.17 Permit Required: Before any person may offer any telecommunications services as a contract carrier, such carrier must first obtain from the Commission a permit pursuant to the rules set forth herein.

003.18 Applicable Rules for Local Exchange Contract Carriers: The following subsections of Rule 002 in this chapter shall apply to contract carriers seeking to provide local telecommunications services unless the parties have agreed to different quality of service standards in their contract. Only those quality of service standards applicable

003.16 Operator Service

003.20 Other Applicable Sections: In addition to the requirements otherwise identified in this Rule, all contract carriers must comply with all universal service, Lifeline, 911 and E911, wireless 911, enhanced wireless E-911 and telecommunications relay service requirements as directed by the Commission.

003.21 Application of Rules: If a common carrier is providing common carrier service, the rules applicable to common carriers shall apply. If a common carrier is providing contract service, the rules applicable to contract carriers shall apply. The service provided by each carrier shall be governed by the rules applicable to that class of carrier.

003.22 Single Permit: Any person wishing to provide telecommunications services as a contract carrier may obtain from the Commission a single permit to serve multiple customers. The permit will identify the type of service and the geographic area in which the service is to be provided. Common carriers which provide contract carrier service may provide contract carrier service to no more than twenty-five percent (25%) of the total customers it serves as a common carrier. Carriers which hold only a contract carrier permit may serve no more than five (5) customers as a contract carrier.

003.23 Certification of Contract: Each contract carrier shall file a certification of contract for each customer with whom it signs a contract to provide service. A certification shall be in such form as the Commission may direct and include, but not be limited to: (a) the date the certification was filed; (b) the name of the permit holder; (c) the permit number assigned by the Commission; (d) the type of services that will be provided under the contract; (e) the name of the customer; (f) the customer(s) address; (g) the primary telephone number of the customer; (h) the term of the contract; and, (i) the signature of an authorized representative of the carrier holding the permit.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

004.01A Slamming shall mean the unauthorized switching of a telecommunications company selected by the subscriber to provide telecommunications service.

004.01B Subscriber shall mean a person or persons, company, or lawful entity, who has the financial responsibility for the telephone service provided by a telecommunications provider.

004.02 Scope: This section shall apply to all telecommunications companies providing basic local exchange service, intra-LATA interexchange service, inter-LATA interexchange service, and any other telecommunications services to subscribers in this state, except that this section shall not apply to providers not regulated by the Commission as provided in Neb. Rev. Stat. Section 86-808 (Cum. Supp. 1998).

004.03 Authorized Change in a Subscriber(s) Carrier: Except when a subscriber initiates or changes telecommunications service by contacting his or her local exchange carrier to change telecommunications service not directly provided by that local exchange carrier, no telecommunications company shall submit or execute a change in a subscriber(s) provider of basic local exchange service, intra-LATA interexchange service, or inter-LATA interexchange service without:

004.03A Written change authorization from the subscriber;

004.03B Toll-free electronic authorization placed from the telephone number which is the subject of the change order; or

004.03C Oral authorization obtained by an independent third party.

004.03D A separate and distinct authorization shall be required to submit or execute a change of service for services provided to subscribers in this state.

004.04 Written Confirmation of a Subscriber Change: Within thirty (30) days after a subscriber changes his or her authorized provider of telecommunication services, the new authorized service provider shall provide to the subscriber written notice of such change. The written confirmation shall:

004.04A Describe clearly and simply the nature of the subscription change;

004.04B Not be a part of, or attached to, any other document;

004.04C Not contain any promotion, offer, or inducement; and,

004.04D Be mailed to the subscriber(s billing address.

004.05 Charges Paid by a Subscriber to an Unauthorized Carrier: If a subscriber has determined that his or her telecommunication service has been changed without the subscriber(s authorization as provided for in this section, and the subscriber has paid charges to an unauthorized carrier, the subscriber shall give notice to either the subscriber(s authorized carrier or to the unauthorized carrier.

004.05A Upon receiving notification from the subscriber that the subscriber has paid charges to an allegedly unauthorized carrier, the properly authorized carrier shall, within thirty (30) days, request from the unauthorized carrier proof of verification of the authorization of the subscriber(s intent to change carriers.

004.05A1 Within ten days after receiving a request, the allegedly unauthorized carrier shall forward to the authorized carrier either:

004.05A1a Proof of verification of the subscriber(s authorization to change carriers; or

004.05A1b (1) An amount equal to all charges paid by the subscriber to the unauthorized carrier; (2) an amount equal to any charge required to return the subscriber to his or her properly authorized company, if applicable; and, (3) copies of any telephone bills issued from the unauthorized company to the subscriber.

004.05A2 If an authorized carrier incurs any billing and collection expenses in collecting charges from the unauthorized carrier, the unauthorized carrier shall reimburse the authorized company for reasonable expenses.

004.05B When a subscriber notifies the unauthorized carrier, rather than the authorized carrier, of an unauthorized change,

the unauthorized carrier shall immediately notify the authorized carrier. The authorized carrier shall then take the steps provided for in this section.

004.05C When a subscriber notifies a local exchange carrier rather than the authorized carrier of an unauthorized change, the local exchange carrier shall immediately notify the subscriber that it must notify the authorized carrier. The local exchange carrier must provide the subscriber with the name of his or her authorized carrier when the local exchange carrier bills or has billed the subscriber for the authorized carrier. The authorized carrier shall then take the steps provided for in this section.

004.06 Remittance of Charges Paid to an Unauthorized Carrier: Upon receipt of charges paid by a subscriber from a carrier that was not authorized by the subscriber, the authorized carrier shall provide a refund or credit to the subscriber of all charges paid in excess of the charges that would have been due to the authorized subscriber absent the unauthorized change of carrier.

004.06A If an authorized carrier has not received from the unauthorized carrier an amount equal to the charges paid by the subscriber to the unauthorized carrier, the authorized carrier is not required to provide any refund or credit.

004.06B Within sixty (60) days after an authorized carrier receives notification of an unauthorized change, the authorized carrier shall notify the subscriber if it has failed to collect any charges from the unauthorized carrier. The authorized carrier shall also, at the time of this notification, inform the subscriber of his or her right to pursue a claim against the unauthorized carrier for a refund of all charges paid to the unauthorized carrier and to file an appropriate complaint with the Commission.

004.06C If an authorized carrier fails to receive proof of verification of a subscriber(s) authorization to change carriers pursuant to Rule 004.05A1 within ten (10) days after sending such a request to an allegedly unauthorized carrier, or if the authorized carrier fails to collect any charges paid by a subscriber within sixty (60) days after an authorized carrier receives notification of an unauthorized change, the authorized carrier shall notify the Commission of such failure. Such notice shall

include:

004.06C1 The name of the subscriber and the name of the alleged unauthorized carrier;

004.06C2 The date that the authorized carrier received notification of the unauthorized change;

004.06C3 The amount of the total charges paid by the subscriber to the unauthorized carrier; and

004.06C4 A description of the actions taken by the authorized carrier to collect the charges paid by the subscriber to the unauthorized carrier including contacts made by the authorized carrier and a copy of any correspondence or communication received from the unauthorized carrier.

004.06D Upon notice to the Commission as provided in this section, the Commission shall initiate a complaint as specified in Section 004.08.

004.07 Reinstatement of Subscriber in a Premium Program: The authorized carrier shall reinstate the subscriber in any premium program in which that subscriber was enrolled prior to the unauthorized change if the subscriber(s) participation in the premium program was terminated because of the unauthorized change. For purposes of this section, a premium program shall mean any bonuses paid to a subscriber as rewards for each dollar spent on telecommunications services and may include cash benefits, refunds, or other awarded benefits such as frequent flier miles and other travel bonuses.

004.07A If reinstatement in the premium program is not possible, the authorized carrier shall so inform the subscriber of the inability of the authorized carrier to reinstate the subscriber and of the reason that reinstatement is not possible.

004.07B If the subscriber has paid charges to the unauthorized carrier, the properly authorized carrier shall also provide or restore to the subscriber any premiums to which the subscriber would have been entitled had the unauthorized change not occurred.

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

004.07C The authorized carrier shall comply with the requirements of this section regardless of whether the authorized carrier is able to recover from the unauthorized carrier any charges paid by the subscriber.

004.08 Enforcement: This section shall be enforced through a complaint process known as the Subscriber Slamming Complaint. In administrating a complaint, the Commission shall be governed by the procedures for a Departmental Complaint and those rules of notice, publication, service, answer and hearing as provided in Title 291, Chapter 1, Rules of Commission Procedure, except as herein described:

004.08A A complaint with the Commission shall be filed by the subscriber(s) authorized carrier section where the authorized carrier has given notice to the Commission pursuant to section 004.06D.

004.08B A complaint may be filed in accordance with this section by:

004.08B1 An authorized carrier who has notice of an unauthorized change;

004.08B2 A subscriber who had his or her telecommunications services carrier changed without his or her authorization; or

004.08B3 The Commission, on its own motion.

004.08C Within twenty (20) days of receipt of an answer to a complaint filed pursuant to this section, the Commission shall hold a hearing. After such hearing, the Commission may impose an administrative penalty.

004.08C1 An administrative penalty shall not exceed two thousand dollars (\$2,000). Each violation associated with a specific access line within the state shall be considered a separate and distinct violation.

004.08C2 The amount of an administrative penalty shall be based on:

004.08C2a The nature, circumstances, extent, and gravity of a prohibited act;

004.08C2b The history of previous violations;

004.08C2c The amount necessary to deter further violations; and

004.08C2d Any efforts to correct the violation or violations.

004.08C3 Any administrative penalty may be appealed and the appeal shall be in accordance with Neb. Rev. Stat. Sections 75-136 to 75-139.

004.08C4 Any administrative penalty shall be transmitted to the State Treasurer for credit to the permanent school fund.

004.09 Records: All telecommunication carriers subject to this section shall maintain all relevant records regarding any change in a subscriber(s telecommunications carrier for a period not less than two (2) years. The Commission shall at all times have access to all records kept by carriers pursuant to this section.

004.10 Subscriber Complaint System: The Executive Director of the Commission shall administer a subscriber complaint system to record, monitor and report on all complaints received regarding the unauthorized change of a subscribers(telecommunications carrier. An annual reporting shall be incorporated into the Commission(s annual report.

004.11 Performance Standards: The Executive Director shall provide the Commission, at least once a month at a regularly scheduled meeting of the Commission, with a separate report detailing all of the complaints received by the Commission regarding the unauthorized change of a subscriber(s telecommunications carrier. The report shall include a listing of the complainant, name of the subscriber, subscriber(s authorized telecommunications carrier, alleged unauthorized carrier, date of the unauthorized change, duration, if known, of the unauthorized change, and any resolution of the complaint, if applicable.

004.11A The Director of Communications shall report to the Commission, at a regularly scheduled meeting of the Commission,

any carrier who has failed to meet minimum performance standards for the prior three (3) month period beginning with the period ending August 31, 1999.

004.11B Minimum performance standards shall mean, for the purposes of this section, that the number of complaints against the carrier shall not exceed three (3) verified complaints per three (3) month period for every ten thousand (10,000) accounts held by the carrier within the state.

004.11C The Commission may, upon its own motion, initiate a complaint against any carrier that fails to meet the minimum performance standards. Such complaint shall be filed only upon those verified instances of an unauthorized change of carrier that has not been previously and separately prosecuted as a complaint pursuant to this section.

004.12 Unauthorized Charges: No telecommunications carrier shall initiate or bill additional telecommunications services to a subscriber for services not required by Commission regulation, state statute, or federal law or regulation for which the subscriber did not explicitly request or authorize.

004.12A If a charge is assessed on a per-use basis for a telecommunications service not required by rule, regulation or law and for which the subscriber did not request or authorize, and the subscriber notifies the providing carrier that the subscriber did not utilize the service or that the subscriber did not authorize the utilization of the service, the providing carrier shall refund the charge or apply the charge as a credit to the next billing period.

004.12B If a providing carrier receives a notification by a subscriber that he or she has been billed for a service not required by rule, regulation or law nor authorized or requested by the subscriber, the carrier shall inform the subscriber of the ability to block services from future use by the subscriber and shall block the services from future use by the subscriber if the subscriber so requests.

004.12B1 If a subscriber requests that the carrier not block the service or later requests that the block on the service be removed, the subscriber shall be respon-

004.12B2 A telecommunications carrier shall not charge a recurring fee for blocking for a service as provided in this section.

005 GENERAL:

005.01 Definitions: As used in this section, unless the context otherwise requires, the following definitions apply:

005.01A Advisory board means the Enhanced Wireless 911 Advisory Board.

005.01B Automatic number identification (ANI) means a feature by which a person calling a public safety answering point has his or her ten-digit telephone number simultaneously forwarded to the public safety answering point and to the public safety answering point(s) display and transfer units.

005.01C Commission means the Nebraska Public Service Commission.

005.01D Commissioner means a member of the Nebraska Public Service Commission or his or her designee.

005.01E E-911 or enhanced-911 service means a telephone exchange communications service by which one or more public safety answering points designated by the governing body may receive telephone calls dialed to the telephone number 911. E-911 service generally may provide, but is not limited to, selective routing, automatic number identification, and automatic location identification features.

005.01F Enhanced 911 wireless service means a telephone exchange communications service by which wireless carriers can provide automatic number identification, pseudo-automatic number identification, and wireless automatic location identification information to a public safety answering point which has capability of providing selective routing, selective transfer, fixed transfer, automatic number identification, and wireless automatic location identification.

005.01G Fund means the Enhanced Wireless 911 Fund.

005.01H Governing body means the board of county commissioners or supervisors of a county, the city council of a city, the board of trustees of a village, or the board of directors of any rural or suburban fire protection district.

005.01I 911 service means a telephone service which provides a service user with the ability to reach a public safety answering point by dialing the digits 911 for the purpose of reporting emergencies. The level of technology used for 911 service in a particular 911 service area shall be determined by the governing bodies having jurisdiction over such area.

005.01J Pseudo-automatic number identification means a feature by which automatic number identification is provided to a public safety answering point of the ten-digit telephone number of the specific cell site or cell site sector from which a wireless call originated.

005.01K Public safety answering point (PSAP) means a twenty-four hour, local-jurisdiction communications facility which receives 911 service calls and either directly dispatches emergency services or relays calls to the appropriate public safety agency.

005.01L Public safety agency means the agency which actually provides firefighting, law enforcement, ambulance, emergency medical, or other emergency services.

005.01M Surcharge means the Enhanced Wireless 911 Surcharge.

005.01N Ten-digit telephone number means a telephone number assigned to a particular telephone account including the area code.

005.01O Wireless automatic location identification (ALI) means a feature by which information is provided to a public safety answering point identifying the location, the latitude and longitude within the parameters established by the Federal Communications Commission, of a wireless unit originating a call to a public safety answering point.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

005.01P Wireless carrier means (a) any carrier of commercial radio service as defined in 47 U.S.C. 153(27) and 332 (d), as such sections existed on April 17, 2001, or (b) any cellular licensee, personal communications licensee, and specialized mobile radio carrier defined by 47 C.F.R. 20.18, as such section existed on April 17, 2001.

005.02 Enhanced Wireless 911 Surcharge: Commencing July 1, 2001, each wireless carrier who has a subscriber with a billing address in Nebraska shall collect a surcharge set by the Commission. Such surcharge rate shall be applied monthly to each access line served by the wireless carrier. The wireless carrier shall add the surcharge to each subscriber's billing statement.

005.02A The surcharge shall appear as a separate line-item charge on the subscriber's billing statement and shall be labeled as "Enhanced Wireless 911 Surcharge".

005.02B The wireless carrier shall not be liable for any surcharge not paid by a subscriber and shall not be obligated to take legal action to collect the surcharge.

005.02C The Commission may take any legal action as it deems necessary to collect unpaid surcharges in its own name, as a real party in interest, or by assigning such debt for collection to a third party.

005.03 Review of Surcharge: The Commission shall hold a public hearing annually to determine the amount of revenue necessary to carry out the provisions of 2001 Neb. Laws 585. After such hearing, the Commission shall determine the amount of money to be deposited into the fund.

005.03A There shall be given thirty (30) days public notice for any public hearing set to review the surcharge.

005.03B After the public hearing, the Commission shall set the surcharge but in no case shall the Commission set the surcharge at a rate higher than allowed by statute.

005.04 Enhanced Wireless 911 Fund: The fund shall consist of the surcharges credited to the fund, any monies appropriated by the Legislature, any federal funds received for wireless emergency communication, and any other funds designated for credit to the fund.

LAST ISSUE DATE: November 6, 2000

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

005.04A The Commission shall remit the monies in the fund to the State Treasurer for credit to the Enhanced Wireless 911 Fund.

005.04B Wireless carriers shall remit funds together with any form approved by the Commission to be used with such remittances.

005.04C The Commission may allow for electronic fund transfers to the fund of any monies remitted by wireless carriers to the fund.

005.04D Money in the fund shall be used for the cost of administering the fund and for the purposes described in this section. The Commission shall keep the costs of administering the fund to a minimum.

005.05 Duties of the Commission and the Advisory Board: The Commission shall, in consultation with the advisory board, and not less than once each year:

005.05A Determine the costs to implement wireless automatic location identification (ALI);

005.05B Determine the level of funding needed to trigger disbursements from the fund;

005.05C Determine the percentage of the fund to be allocated to each funding purpose; and,

005.05D Determine how the monies distributed from the fund are to be allocated among the wireless carriers and the public safety answering points.

005.06 Standards and Criteria for Eligibility and Disbursements: The Commission shall, in consultation with the advisory board, establish eligibility standards and criteria for (a) disbursement applications and (b) the level of fund disbursement for each application.

005.06A In establishing such criteria and standards, the following purposes shall be eligible for funding:

005.06A1 Costs incurred or to be incurred by wireless carriers to implement enhanced wireless 911 service pursuant to a service agreement with a public

safety answering point or pursuant to a request for service from a public safety answering point.

005.06A1a The Commission may, in consultation with the advisory board, establish minimum criteria for service agreements entered into by public safety answering points.

005.06A1b A public safety answering point may enter into a service agreement with one or more wireless carriers.

005.06A1c Such costs shall include, but not be limited to, the portion of the costs for new equipment used for providing enhanced wireless 911 service, costs to lease another vendor's equipment or services to provide enhanced wireless 911 service, costs to create or maintain any database or database elements used solely for enhanced wireless 911 service, and other costs of establishing enhanced wireless 911 service.

005.06A1d The portion of the costs of equipment or services used in the wireless carrier's main infrastructure resulting in revenue to the wireless carrier shall not be eligible for funding.

005.06A2 Costs incurred or to be incurred by public safety answering points to implement enhanced wireless 911 service, including, but not limited to, purchase of new equipment, costs of upgrades, modifications, and personnel training used solely to process the data elements of enhanced wireless 911 service, and maintenance costs and license fees for new equipment.

005.06A3 Costs incurred or to be incurred by public safety answering points for the purchase, installation, maintenance, and operation of telecommunica-

tions equipment and telecommunications services required for the provision of enhanced wireless 911 service; and

005.06A4 Expenses incurred by members of the advisory board while performing duties required by these sections.

005.07 Obligations of the Wireless Carrier as to the Fund: Each wireless carrier shall remit monthly to the Commission the amount of surcharge collected together with any forms required by the Commission no later than sixty (60) days after the last day of the month.

005.07A The wireless carrier shall report the number of wireless lines served and the number of wireless lines from which the wireless carrier has collected surcharge revenue.

005.07B The wireless carrier shall maintain surcharge and remittance records for a period of two years after the date of the subscriber's billing statement.

005.07C The Commission may, at its own expense, require an audit of any wireless carrier's books and records concerning the collection and remittance of the surcharge.

005.08 Obligations of Public Safety Answering Points: Each public safety answering point shall report to the Commission annually, on or before September 1 of each year, (1) the name and location of the public safety answering point and (2) whether wireless 911 service or enhanced wireless 911 service is provided at such public safety answering point.

005.09 Enhanced Wireless 911 Advisory Board Composition and Powers: The advisory board shall be composed of nine individuals appointed by the Governor, the Director of Administrative Services or his or her designee, and one Commissioner. The advisory board shall advise the Commission concerning the implementation, development, administration, coordination, evaluation and maintenance of enhanced 911 service.

005.09A The advisory board shall designate a chairperson from among its members for such term as its members shall agree. For its initial meeting, the Commission shall convene the advisory board and give proper notice to each of its members regarding the time and place of the meeting. After the initial

meeting of the board, either the chairperson or the Commission may convene the advisory board, after proper notice, as needed. The board shall meet as often as necessary to carry out its duties. Members of the board shall be reimbursed for their actual and necessary expenses as provided by law. Such expenses shall be paid from monies in the fund.

005.09B The advisory board shall make recommendations to the Commission regarding the implementation of the fund, including:

005.09B1 The allocation of funds;

005.09B2 Any additional rules and regulations necessary to carry out the provisions related to the fund;

005.09B3 Any adjustments to the surcharge at the review of the surcharge by the Commission;

005.09B4 Any adjustments to the surcharge limit to recommend to the Legislature; and

005.09B5 The resolution of any disputes between public safety answering points and wireless carriers.

005.10 Applications for Disbursement from the Fund: A public safety answering point or wireless carrier shall be compensated for costs determined by the Commission to be eligible for funding.

005.10A A public safety answering point or wireless carrier may apply for disbursements from the fund by submitting a written application to the Commission on such form or in such format as the Commission shall designate.

005.10B The Commission shall receive and review each application, including supporting documentation. The Commission may, prior to approval or disapproval of an application, give notice to the applicant that additional documentation is needed for review of the application and allow a period of time for the applicant to produce the needed documentation.

005.10C The Commission shall notify each applicant as to the Commission's decision to approve or disapprove the application within sixty (60) days after (a) the Commission receives the

application or (b) receiving additional documentation needed for review of the application as requested by the Commission, whichever date is later.

005.10D Each entity which receives disbursements from the fund shall make a full accounting of the money received in a manner and form that the Commission may direct.

005.11 Information which may be Withheld from the Public: Information provided by wireless carriers to the advisory board or to the Commission pursuant to this section may be treated as records which may be withheld from the public upon request of the party submitting the records if the information qualifies as trade secrets or other proprietary or commercial information which, if released, would give advantage to business competitors and serve no public purpose.

005.12 Commission to Determine Efficient Delivery of Enhanced Wireless 911 Service: The Commission shall determine the most efficient method for providing enhanced wireless 911 service.

005.12A Such determination may include, but shall not be limited to:

005.12A1 The minimum and maximum number of PSAPs statewide to receive disbursements from the fund;

005.12A2 A determination of the PSAPs that should receive disbursements from the fund based on the geographic location of the PSAP;

005.12A3 Available technology for the provisioning and delivery of enhanced wireless 911 services; and,

005.12A4 Cost determinations of technology for the provisioning and delivery of enhanced wireless 911 services.

005.12B In determining the most efficient method for providing enhanced wireless 911 service, the Commission may enter an order, after notice and hearing, setting any strategies, goals, standards, or criteria that the Commission finds is necessary to achieve the objective of the efficient delivery of enhanced wireless 911 service.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

005.13 Liability: The Commission, governing bodies, and public safety agencies may provide enhanced wireless 911 service. In contracting for and providing such service, except for failure to use reasonable care or for intentional acts, the Commission, each governing body, each public safety agency, each wireless carrier, and their employees and agents shall be immune from liability or the payment of damages in the performance of installing, maintaining, or providing enhanced wireless 911 service.

006 NEBRASKA INTERNET ENHANCEMENT FUND PROGRAM:

006.01 Statutory Authority: This section is adopted pursuant to 2001 Laws Neb. 827.

006.02 Definitions: As used in this section, unless the context otherwise requires, the following definitions apply:

006.02A Advanced telecommunications capability shall mean high-speed, broadband telecommunications capability that enables users to originate and receive high-quality voice, data, graphics, and video telecommunications using any technology.

006.02B Commission shall mean the Nebraska Public Service Commission.

006.02C Eligible service provider shall mean an entity certificated, permitted or otherwise legally authorized to provide telecommunications, video, internet or other related services.

006.02D Fund shall mean the Nebraska Internet Enhancement Fund created pursuant to 2001 Laws Neb. 827.

006.03 Purpose of the Fund: The Fund shall be used to provide financial assistance to install and deliver broadband or other advanced telecommunications infrastructure and service throughout the State.

006.04 Contents of the Fund: The Fund shall consist of money appropriated by the Legislature and gifts, grants, or bequests from any source, including federal, state, public, and private sources.

006.05 Grants from the Fund: Any county or municipality in the state may apply for financial assistance from the Fund. An applicant may obtain a service provider for broadband or other advanced telecommunica-

tions services in an exchange or other area defined by the county or municipality where such services are to be delivered at rates of service agreed upon between the service provider and county or municipality.

006.06 Priorities for Grants: Highest priority shall be given to applications based on high-cost factors, including population scarcity and location remoteness. Other factors, including financial need, may be considered by the Commission as deemed necessary.

006.07 Application Requirements: The Commission may develop application forms and may require use of such forms for any application. The application shall state the projected cost, identify the service provider, describe the process for selection of the service provider, list terms and considerations of any agreement between the applicant and the service provider, and include other information as required by the Commission.

006.08 Eligibility: A service provider must be an eligible service provider.

006.09 Matching Funds Requirement: An applicant must provide matching funds of at least twenty-five percent of the total projected cost. Such funds may be public or private matching funds or in-kind services. The value of in-kind services shall be calculated at the standard or market rate.

006.10 Public Records: Project proposals are public records.

006.11 Audits: The Commission may, at its own expense, require an audit of any project funded by an award from the Fund. The Commission shall have access to the financial records for funded projects of all grantees for a period of five fiscal years after the conclusion of the project period. For purposes of this section, a fiscal year is July 1 through June 30.

006.12 Termination of a Project: Prior to completion, a project may be terminated by a grant recipient or the Commission. Such termination requires written notice to all other parties to the project. All unexpended and unencumbered funds must be returned on the date of the receipt of the termination notice.

006.12A Termination by Applicant: An authorized representative of an applicant, as designated by the grant recipient in the initial application or as amended in writing, may terminate a grant

at any time. Such termination request must be in writing and will become effective when received by the Executive Director of the Commission.

006.12B Termination by Commission: A grant may be terminated by the Commission when the Commission determines that the grant activities are outside the approved application, conditions of the grant are not met, there is fraud or fiscal mismanagement, or there is lack of adequate funding. In the event the Commission proposes to terminate grant funding, it shall provide the authorized applicant representative of the grant recipient written notice of the reasons for such action and an opportunity for hearing. Any such hearing shall be conducted by the Commission pursuant to Rules of Commission Procedure. All requests for hearing must be filed with the Commission within 30 days of the authorized applicant representative's receipt of the proposal to terminate. If no such request for a hearing is filed, the Commission may take final action to terminate the grant at the next regularly scheduled Commission meeting without further proceedings before the Commission.

006.13 Grant Award Notification: Distributions from the Fund shall be made upon order of the Commission. The complete terms of a grant shall be contained in a written contract signed by authorized representatives or the grant recipient, including evidence of approval by the applicant's governing board.

006.14 Failure of Terms and Conditions: If grantees fail to meet any terms and conditions of the grant award notification or any requirements of this rule, the grantees may be required to reimburse the Nebraska Internet Enhancement Fund for any and all funds disbursed to the project and forfeit any additional funds not yet disbursed.

006.15 Nebraska Internet Enhancement Fund Advisory Board: The Commission may appoint an advisory board to assist the Commission in carrying out the purposes of the Nebraska Internet Enhancement Fund Program.

006.15A The advisory board shall be composed of seven individuals appointed by the Commission, including:

006.15A1 Two representatives of local government, either county or municipal;

006.15A4 One Internet service provider; and

006.15A5 One Commissioner or his or her designee.

006.15B The advisory board shall have the following responsibilities:

006.15B1 Assist in setting guidelines for grants;

006.15B2 Review grant applications and recommend amount of funding for each grant application;

006.15B3 Prioritize distributions of grants; and

006.15B4 Recommend regulatory or legislative changes to the Commission regarding the administration and distribution Fund.

007 DARK FIBER LEASING:

007.01 Statutory Authority: This section is adopted pursuant to 2001 Laws Neb. 827.

007.02 Definitions: As used in this section, unless the context otherwise requires, the following definitions apply:

007.02A Applicant means a party filing an application.

007.02B Commission means the Nebraska Public Service Commission.

007.02C Cost of infrastructure overbuilding means the cost of each leased optic fiber, including the cost, on a pro rata basis, associated with the agency or political subdivision(s) installation of such fiber.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

007.02D Dark fiber means any unused fiber optic cable through which no light is transmitted or any installed fiber optic cable not carrying a signal.

007.03 Lease: Any agency or political subdivision of the state may lease its dark fiber if:

007.03A The lessee is a certificated telecommunications common carrier or a permitted telecommunications contract carrier pursuant to Nebraska Revised Statutes section 75-604 or an Internet service provider; and

007.03B The lease price and profit distribution is approved by the Commission as provided by Commission rules and regulations.

007.04 Application Process: Before entering into a lease, an agency or political subdivision must:

007.04A File an application with the Commission pursuant to the Nebraska Administrative Code, Title 291, Chapter 1, Rules of Commission Procedure, Section 005.02.

007.04A1 In addition to requirements of the Nebraska Administrative Code, Title 291, Chapter 1, Rules of Commission Procedure, Section 005.02, an application shall include:

007.04A1a A request for a competitive price comparison to determine market rate, and

007.04A1b A request for determination of the cost of infrastructure overbuilding.

007.04A2 At the discretion of the applicant, the applicant may propose a lease price and a profit distribution in the application.

007.04A3 Notice of the filing of all applications pursuant to this section shall be given by publication pursuant to Nebraska Administrative Code, Title 291, Chapter 1, Rules of Commission Procedure.

007.05 Protest, Intervention: Any protest or formal intervention to an application shall be made pursuant to Nebraska Administrative Code, Title 291, Chapter 1, Rules of Commission Procedure.

007.06 Competitive Price Comparison and Cost of Infrastructure Overbuilding Determination: The Commission shall hold a public hearing (a) to conduct a competitive price comparison to determine the market rate for leasing dark fiber and (b) to determine the cost of infrastructure overbuilding.

007.06A The market rate is the price associated with similar unbundled network elements that may be available from the incumbent local exchange carrier or the price of any other private entity leasing dark fiber optic facilities serving the same or similar territory where the leased equipment is located.

007.06B When conducting a competitive price comparison, the Commission in its discretion shall use rate schedules, interconnection agreements, or other documents within its regulatory oversight and shall gather other market rate information as deemed necessary.

007.06C The agency or political subdivision that owns the fiber shall provide the Commission with documentation of its cost of infrastructure overbuilding.

007.07 Order: The Commission shall enter an order setting the market rate and cost of infrastructure overbuilding to be applied to the lease for which the application was made, and, if the application proposed a lease price and a profit distribution, the Commission shall approve or deny the lease price and profit distribution.

007.07A Proposed Lease Price and Profit Distribution in Application Disapproved; Amended Lease Price and Profit Distribution: If the application included a proposed lease price and profit distribution, and the Commission did not approve the lease price and profit distribution, or, if the applicant elected not to propose a lease price and profit distribution in its application, the following process shall apply:

007.07A1 The applicant shall file a revised lease price and profit distribution that comports with the Commis-

007.07A2 The Commission shall approve or deny the lease price and profit distribution by entering an order.

007.08 Modified Procedure for Subsequent Leases by an Applicant: A party, having obtained approval of a lease price and profit distribution, may seek to apply the same lease price and profit distribution to subsequent leases in the same or similar territory within two years of the original order establishing lease price and profit distribution. The application and notification shall conform to the process set forth at Title 291, Chapter 5, Section 007.04 and shall include a sworn affidavit verifying that the applicant(s cost of infrastructure overbuilding has not changed since the original proceeding. Protest or intervention shall not be permitted. The Commission shall conduct a competitive price comparison to determine the market rate and shall determine the cost of infrastructure overbuilding within 30 days from the publication of notice of the application. The Commission shall conduct a competitive price comparison and determine the cost of infrastructure overbuilding either (1) by use of sworn affidavits from the applicant and from Commission staff or (2) by holding a public hearing.

007.09 Lease Requirements: The following shall be required in order for the Commission to approve a lease of dark fiber:

007.09A Fiber Maintenance: A lease shall require that the agency or political subdivision be solely responsible for the maintenance of its dark fiber and that the lessee be responsible, on a pro rata basis, for any such maintenance costs.

007.09B Disposition of Profits: Fifty percent of the profit earned by the agency or political subdivision under the lease shall be remitted to the Nebraska Internet Enhancement Fund.

007.09B1 Profit earned by the agency or political subdivision is the lease price less the cost of infrastructure overbuilding.

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

007.09B2 The agency or political subdivision may remit profits using forms or methods which may be developed by the Commission.

007.09B3 Each payment by the lessee under any dark fiber lease approved by the Commission shall be comprised of both cost of infrastructure overbuilding and profit. The ratio of cost of infrastructure overbuilding to profit shall be the same for each payment. Profits must be remitted within 60 days of receipt of payment pursuant to a lease.

007.10 Approval of Interconnection Agreements: Any interconnection agreement subject to subsection (2) of section 75-109 must be approved by the Commission.

007.11 Dark Fiber Activation: The lessee shall make every reasonable effort to activate the maximum number of the leased fiber as is possible, within one year of entering into the lease, unless good cause is shown.

007.11A The lessee shall report to the Commission its efforts to activate dark fiber within one year of the Commission's approval of a lease price and profit distribution.

the information as sent or received.

008.02D Telecommunications Service: The offering of telecommunications for a fee.

008.02E Wireless Carrier: Any person offering mobile radio service, radio paging service, or wireless telecommunications service for a fee in Nebraska intrastate commerce.

008.03 Registration:

008.03A Registration Required: A wireless carrier providing telecommunications service in Nebraska shall file a registration with the Commission. A wireless carrier which provided such telecommunications service prior to January 1, 2003, and which continues to provide such telecommunications service on and after January 1, 2003, shall register with the Commission prior to April 1, 2003. Any wireless carrier which begins to provide telecommunications service in Nebraska on or after January 1, 2003, shall register with the Commission prior to providing such telecommunications service.

008.03B Registration Form: The registration shall be on a form prescribed by the Commission, incorporated herein at the end of the chapter and labeled as Attachment #1. Each wireless carrier is required to remit an initial application fee of fifty dollars (\$50.00) with the registration form.

008.03C Information Required: At a minimum, each wireless carrier must provide the following information:

008.03C1 The name, address, telephone number, and email address of a contact person whom the Commission may contact concerning questions or requirements of the Nebraska Telecommunications Universal Service Fund Act and related surcharges, if applicable;

008.03C2 The name, address, telephone number, and email address of a contact person whom the Commission may contact concerning questions or requirements of the Telecommunications Relay System Act and related surcharges, if applicable;

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

008.03C3 The name, address, telephone number, and email address of a contact person whom the Commission may contact concerning questions or requirements of the Neb. Rev. Stat. sections 86-2201 to 86-2214 and related surcharges, if applicable; and

008.03C4 The name, address, telephone number, and email address of a contact person whom the Commission may contact concerning consumer complaints and inquiries;

008.04 Changes in Information Contained in Registration: The registrant shall notify the Commission of any changes in the information contained in its registration within sixty (60) days from such change. No additional filing fee will be required for changes in information pursuant to this section.

008.05 Enforcement:

008.05A Investigation: The Commission may conduct an investigation upon written complaint that Neb. Rev. Stat. section 86-125 (2002 Cum. Sup.) or section 008 of these rules or regulations have been, or are being violated. Any such investigation shall be conducted in accordance with the Rules of Commission Procedure provided in Nebraska Administrative Code, Title 291, Chapter 1.

008.05B Administrative Penalty: The Commission, in accordance with Neb. Rev. Stat. section 75-156(2) and upon notice and hearing, may administratively fine any wireless carrier which violates these rules and regulations or Neb. Rev. Stat. section 86-125 (2002 Cum. Sup.).

009 ELIGIBLE TELECOMMUNICATIONS CARRIER:

009.01 An eligible telecommunications carrier that receives federal universal service support shall use that support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

009.02 Requirements for Commission designation of eligible telecommunications carriers:

009.02A In order to be designated an eligible telecommunications carrier, any common carrier in its application must:

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

009.02A1 Demonstrate that such designation is consistent with the public interest, convenience, and necessity, and, in the case of an area served by a rural telephone company, demonstrate that public interest will be met by an additional designation;

009.02A2 Demonstrate that it will offer the services that are supported by federal universal service support mechanisms and section 254(c) of the Act, either using its own facilities or a combination of its own facilities and resale of another carrier's services (including the services offered by another eligible telecommunications carrier);

009.02A3 Demonstrate that it will advertise the availability of such services and the charges therefore using media of general distribution;

009.02A4 Demonstrate that it is capable of providing and will continuously provide the services designated for support as defined in 47 C.F.R. Section 54.101;

009.02A5 Commit to provide service throughout its proposed designated service area to all customers making a reasonable request for service. Each applicant shall certify that it will:

009.02A5a Provide service on a timely basis to requesting customers within the applicant's service area where the applicant's network already passes the potential customer's premises; and

009.02A5b Provide service within a reasonable period of time, if the potential customer is within the applicant's licensed service area but outside its existing network coverage, if service can be provided at reasonable cost by (a) modifying or replacing the requesting customer's equipment; (b) deploying a roof-mounted antenna or other equipment; (c) adjusting the nearest cell tower; (d) adjusting network or customer facilities; (e) reselling services from another carrier's facilities to provide service; or (f) employing, leasing or constructing an additional cell site, cell extender, repeater, or other similar equipment;

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

009.02A6 A carrier seeking high cost support shall submit a five-year plan that describes with specificity proposed improvements or upgrades to the applicant's network on a wire center-by-wire center basis throughout its proposed designated service area. Each applicant shall demonstrate how signal quality, coverage or capacity will improve due to the receipt of high-cost support; the projected start date and completion date for each improvement and the estimated amount of investment for each project that is funded by high-cost support; the specific geographic areas where the improvements will be made; and the estimated population that will be served as a result of the improvements. If an applicant believes that service improvements in a particular wire center are not needed, it must explain its basis for this determination and demonstrate how funding will otherwise be used to further the provision of supported services in that area;

009.02A7 A carrier seeking high cost support shall demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations;

009.02A8 A carrier seeking high cost support shall demonstrate that it will satisfy applicable consumer protection and service quality standards;

009.02A9 A carrier seeking high cost support shall demonstrate that it offers a local usage plan comparable to the one offered by the incumbent LEC in the service areas for which it seeks designation; and

009.02A10 A carrier seeking high cost support shall certify that the applicant acknowledges that the Federal Communications Commission may require it to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within the service area.

009.02B Public Interest Standard: In addition to the information described above, in the case of an applicant seeking designation in an area served by a rural telephone company, the Commission will consider the benefits of increased consumer choice, and the unique advantages and disadvantages of the applicant's service offering.

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

009.02C Study Area Level: In instances where an eligible telecommunications carrier applicant seeks designation below the study area level of a rural telephone company, the Commission shall also conduct a creamskimming analysis.

009.03 Any common carrier that has been designated by this Commission as an eligible telecommunications carrier must submit the information required by paragraph 009.02A6 and 009.02A7 of this section no later than October 1, 2006.

009.04 Annual Reporting Requirements for Designated Eligible Telecommunications Carriers:

009.04A A common carrier designated as an eligible telecommunications carrier for high cost support shall provide:

009.04A1 A progress report on its five-year service quality improvement plan, including maps detailing its progress towards meeting its plan targets, an explanation of how much universal service support was received and how it was used to improve signal quality, coverage, or capacity, and an explanation regarding any network improvement targets that have not been fulfilled. The information shall be submitted at the wire center level;

009.04A2 Detailed information on any outage as the term is defined by these rules, of at least 30 minutes in duration for each service area in which an eligible telecommunications carrier is designated for any facilities it owns, operates, leases, or otherwise utilizes that potentially affect (a) at least ten percent of the end users served in a designated service area; or (b) a 911 special facility, as defined in 47 C.F.R. § 4.5(e). Specifically, the eligible telecommunications carrier's annual report must include information detailing: (a) the date and time of onset of the outage; (b) a brief description of the outage and its resolution; (c) the particular services affected; (d) the geographic areas affected by the outage; (e) steps taken to prevent a similar situation in the future; and (f) the number of customers affected;

009.04A3 The number of requests for service from potential customers within the eligible telecommunications carrier's service areas that were unfulfilled during the past year. The carrier shall also detail how it attempted to provide service to those potential customers;

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 5 - TELECOMMUNICATIONS RULES AND REGULATIONS

009.04A4 The number of complaints per 1,000 handsets or lines;

009.04A5 A certification that it is complying with applicable service quality standards and consumer protection rules;

009.04A6 A certification that the carrier is able to function in emergency situations as set forth in § 54.201(a)(2) and any applicable Commission rules;

009.04A7 A certification that the carrier is offering a local usage plan comparable to that offered by the incumbent LEC in the relevant service areas; and

009.04A8 A certification that the carrier acknowledges that the Federal Communications Commission may require it to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within the service area.

009.04B Filing Deadlines: In order for a common carrier designated as an eligible telecommunications carrier to continue to receive support for the following calendar year, or retain its eligible telecommunications carrier designation, it must make an election by April 30, 2006 or during the first year it receives an eligible telecommunications carrier designation, to submit the annual reporting information in this section either on April 30 or October 1 of each year. An eligible telecommunications carrier electing to file on April 30 shall submit its reporting information on April 30, 2006 and thereafter annually by April 30 of each year. An eligible telecommunications carrier electing to file its report with the Commission on October 1 shall submit its reporting information on October 1, 2006 and thereafter annually by October 1 of each year. Commission approval is required if a carrier requests to change its reporting deadline.
